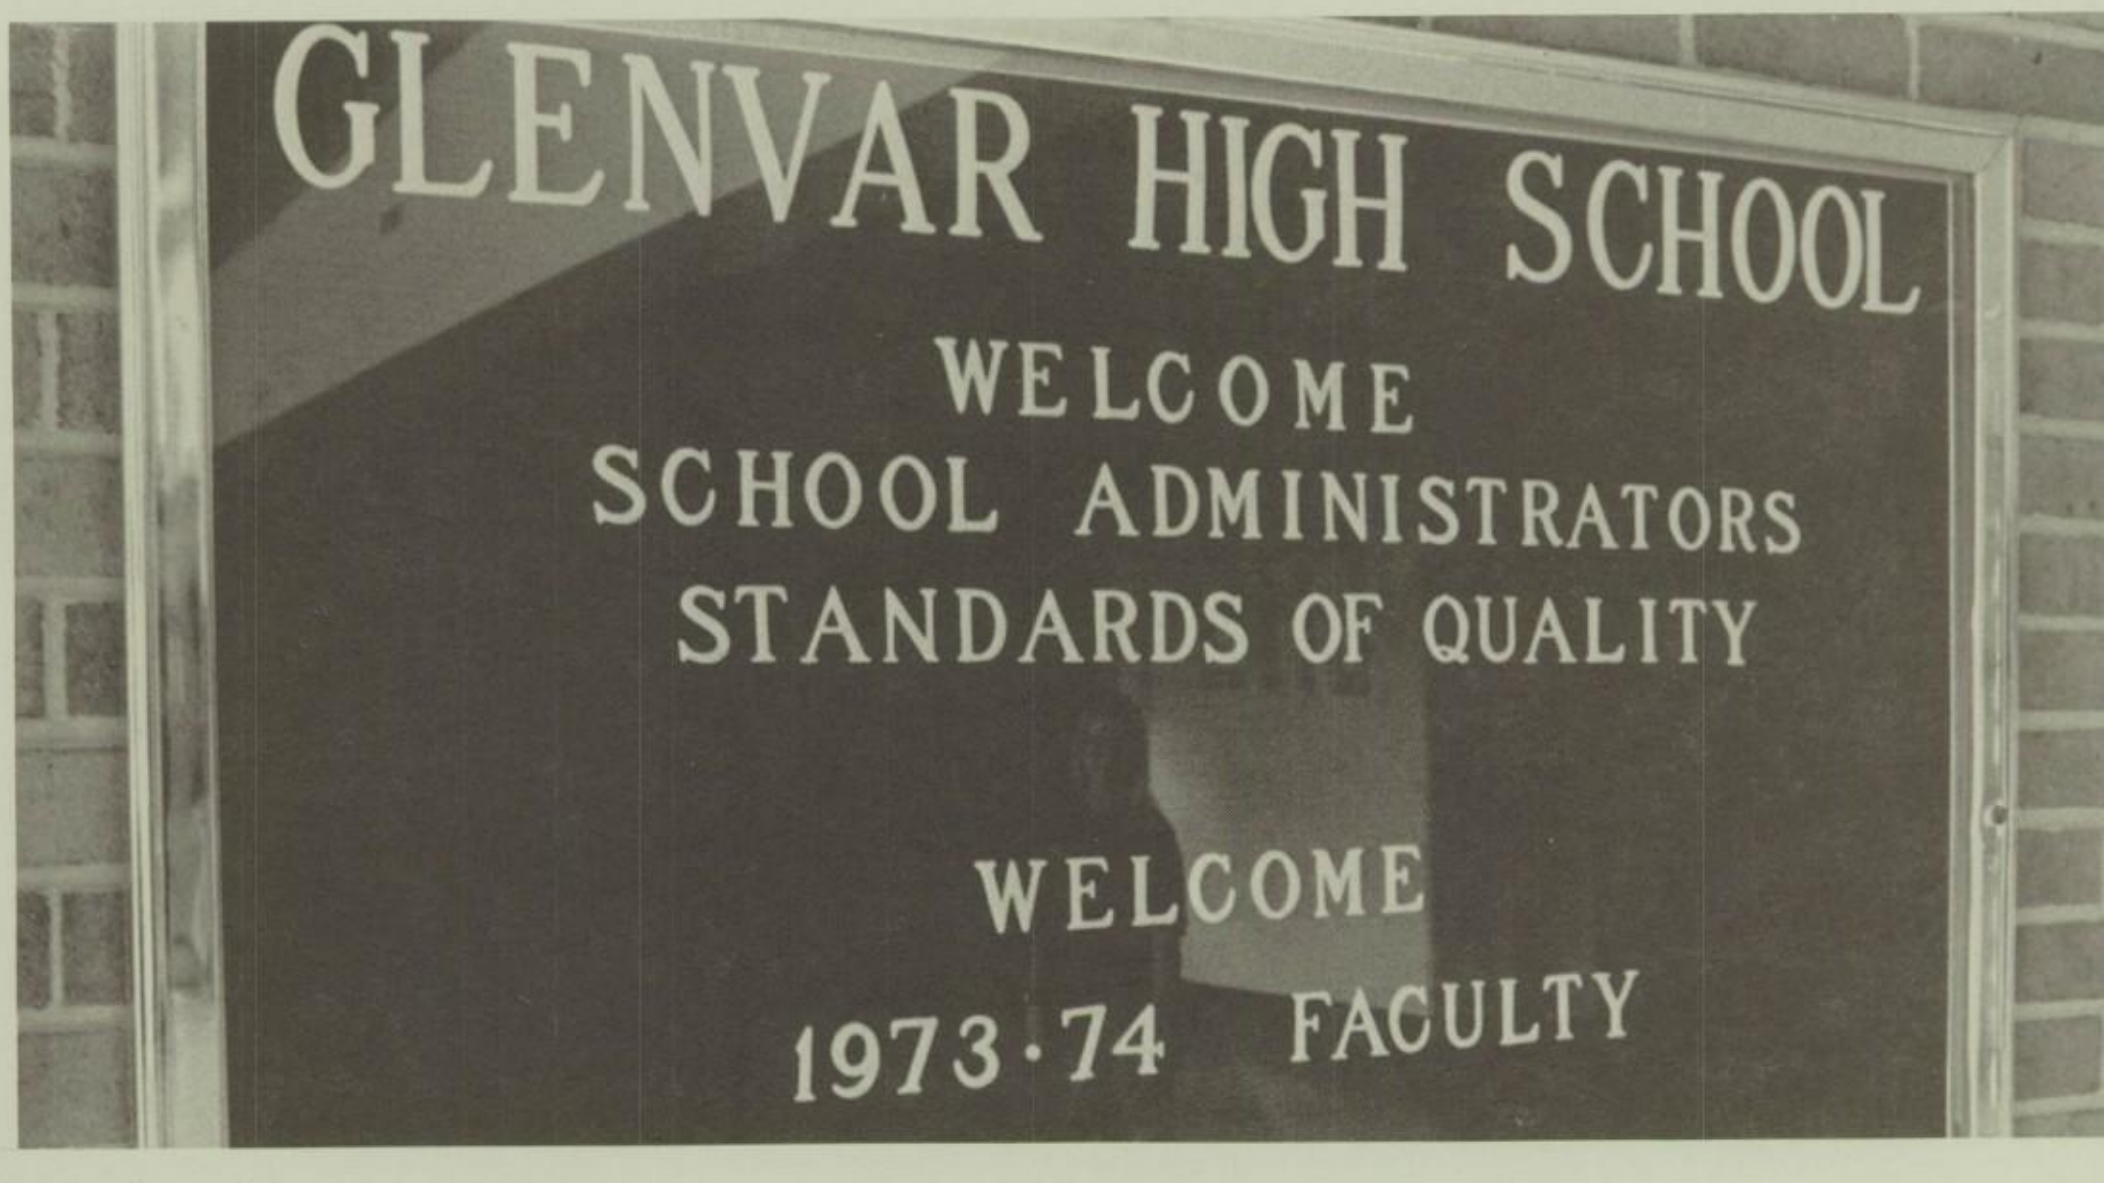
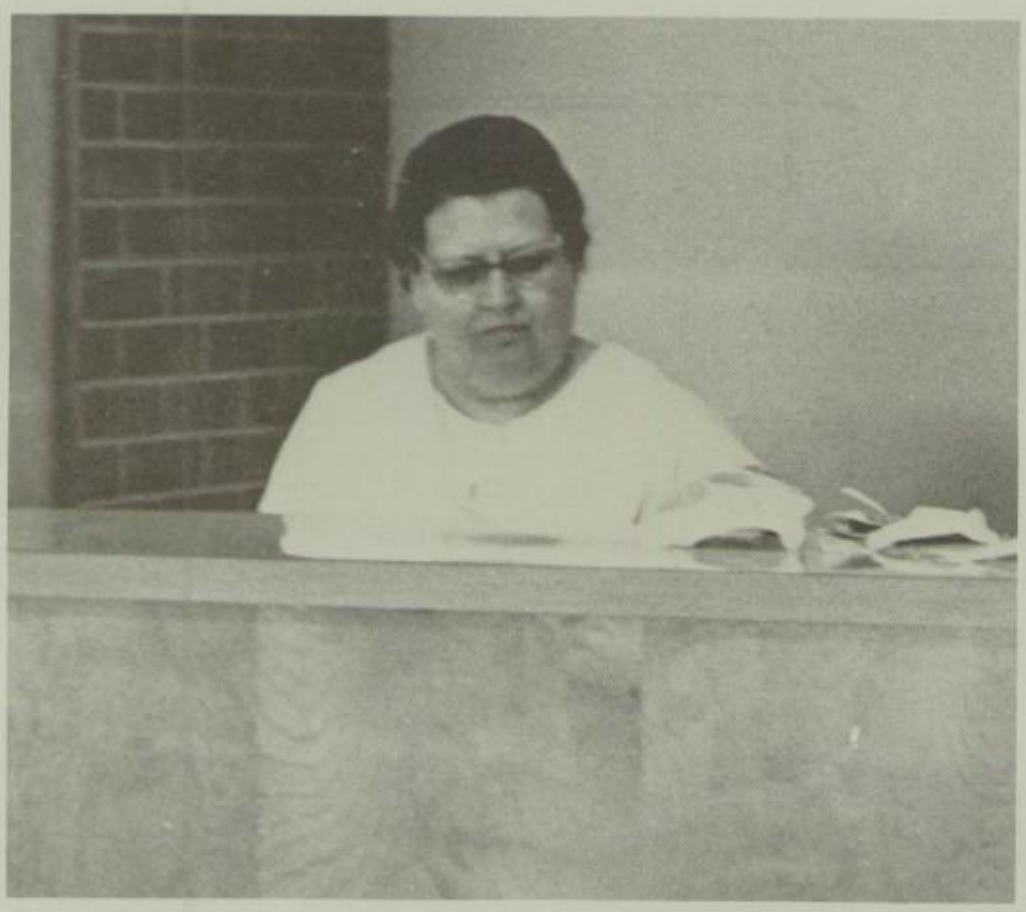
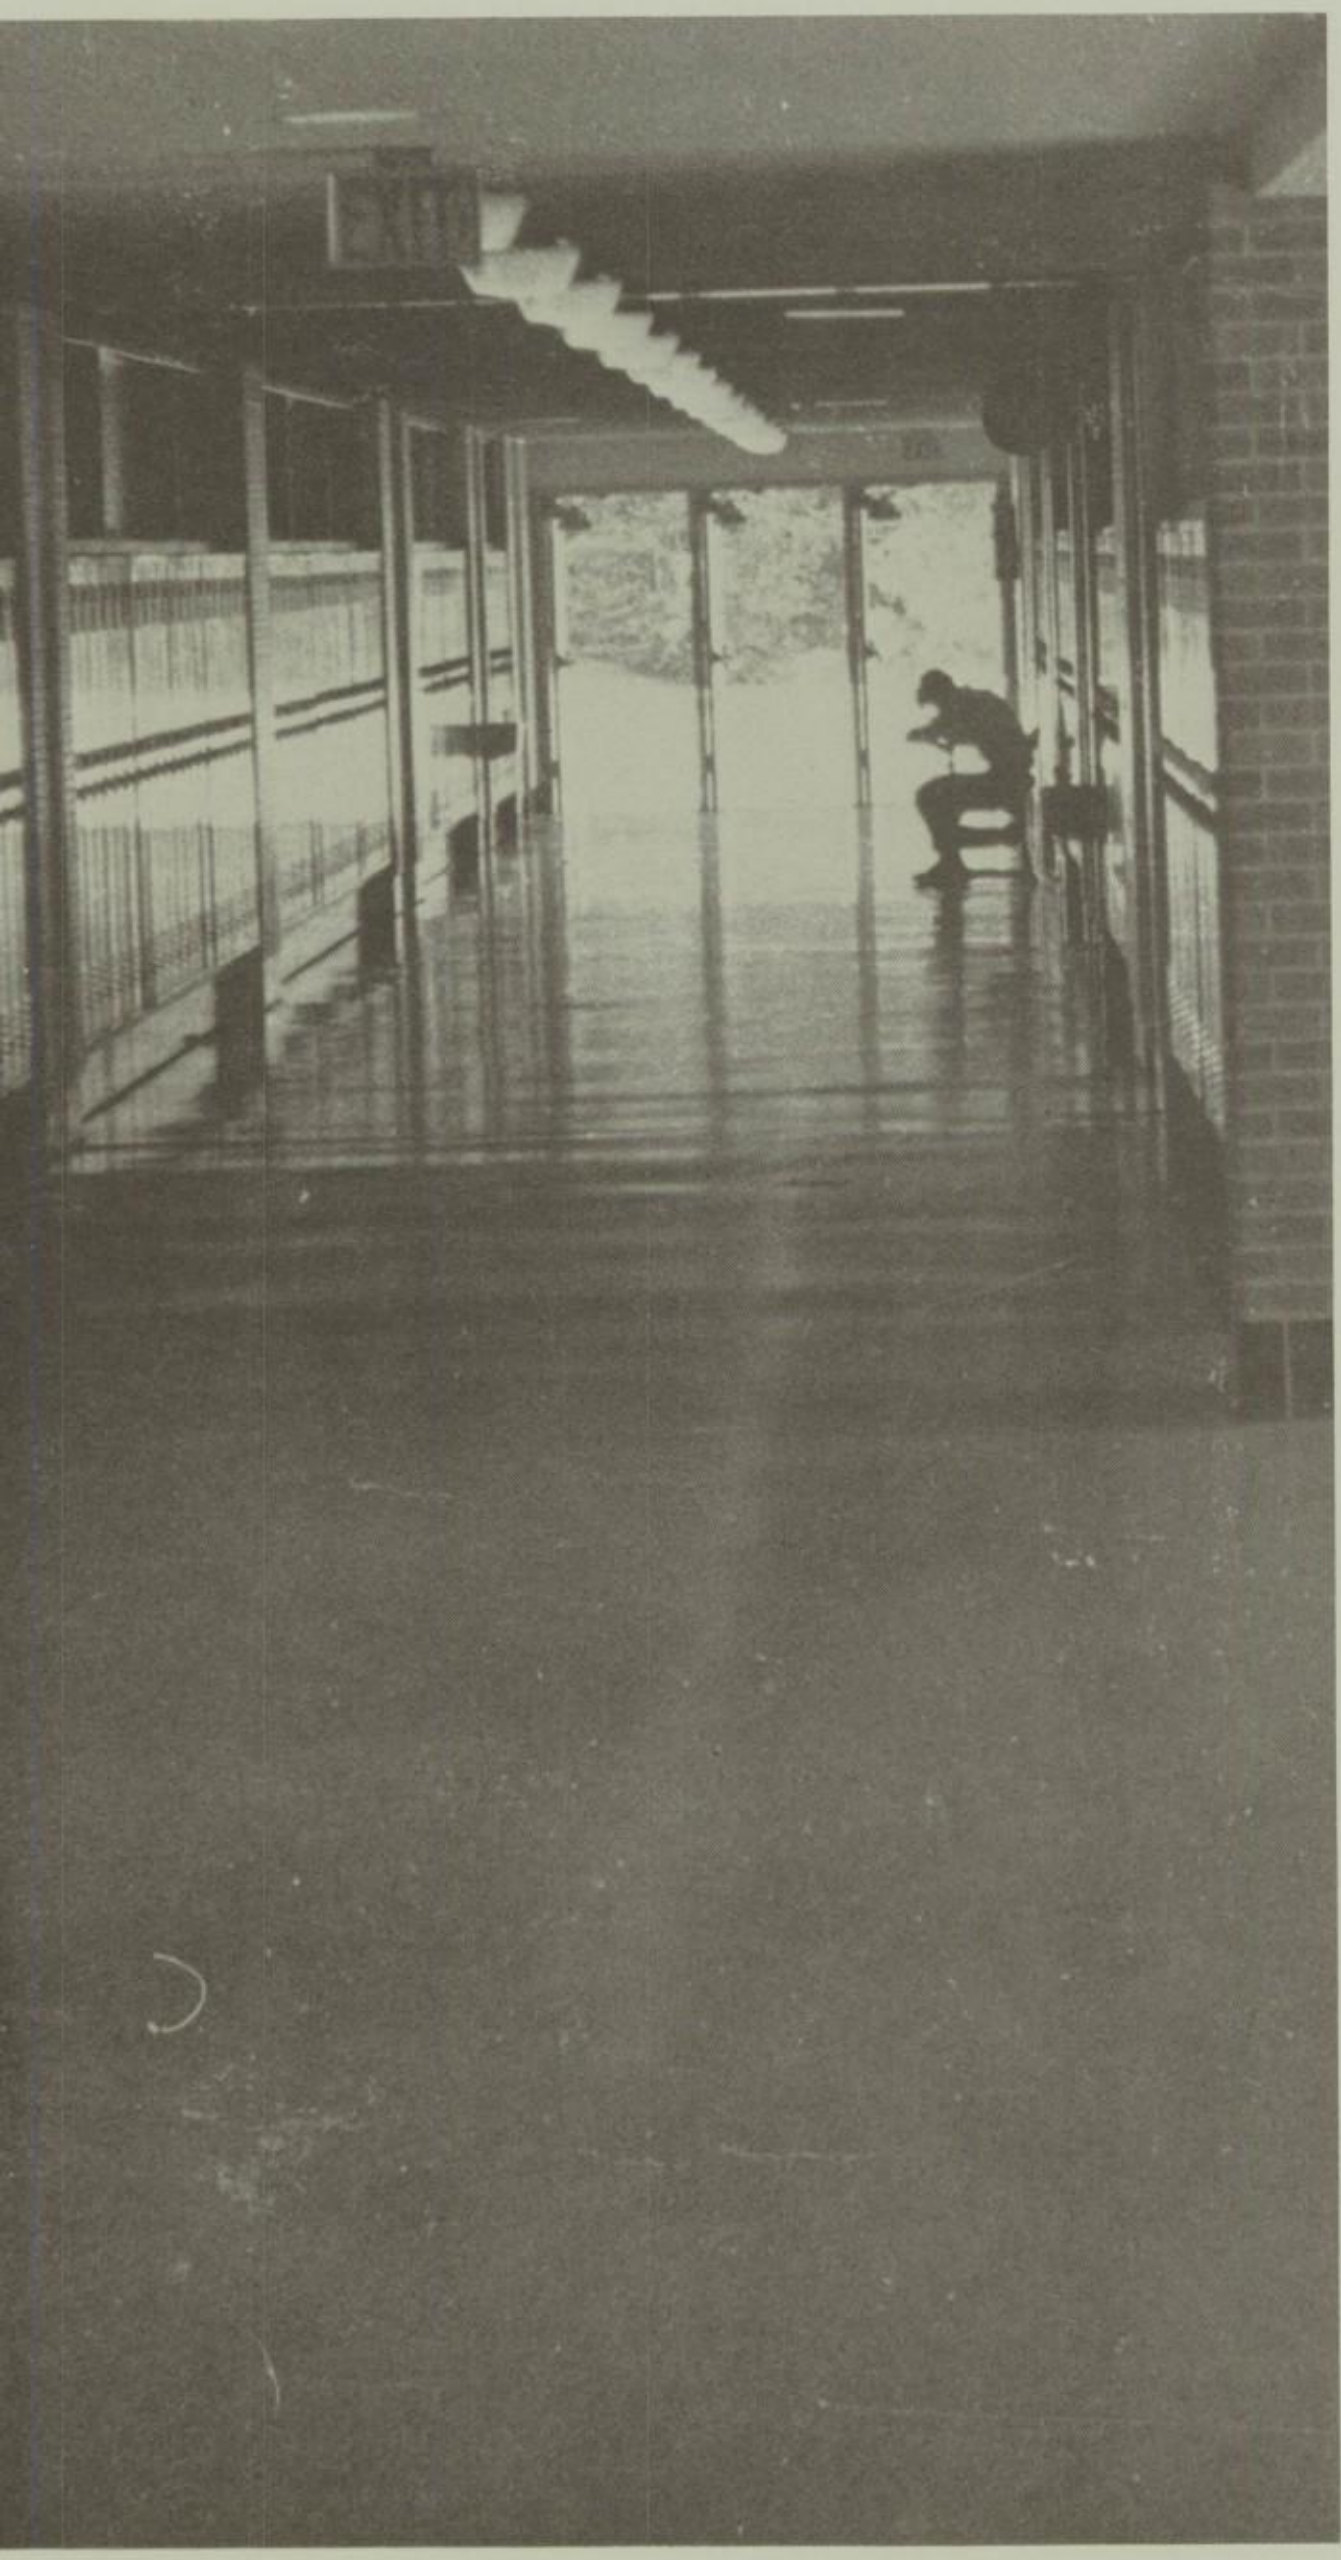
Fields of Wonder



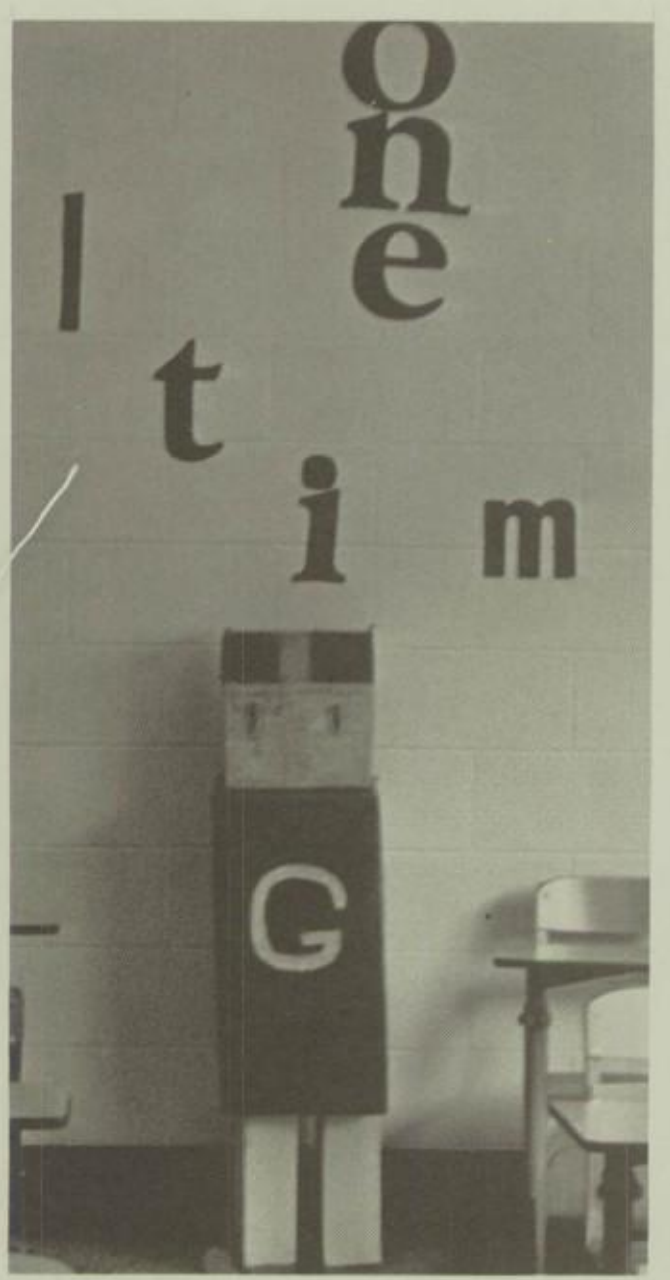
Are The Places God Goes Walking

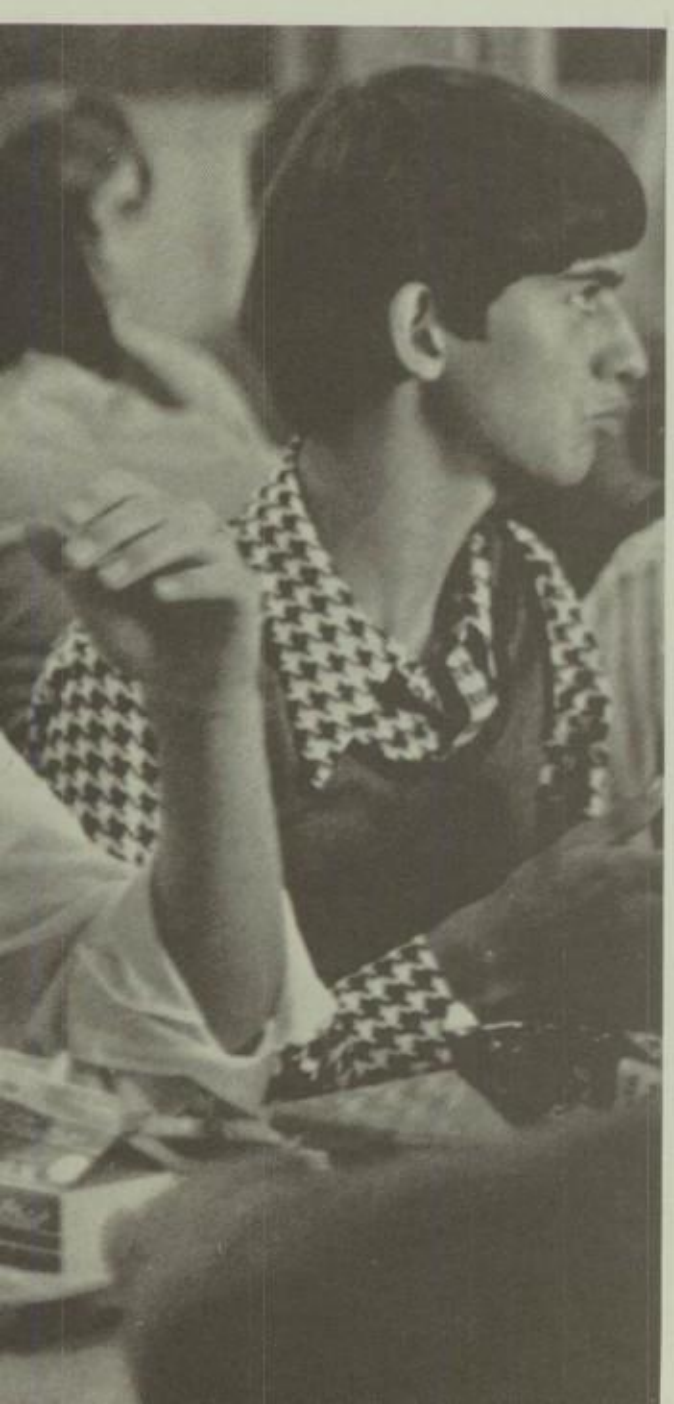
We Found Them By Mistake
And We've Trespassed

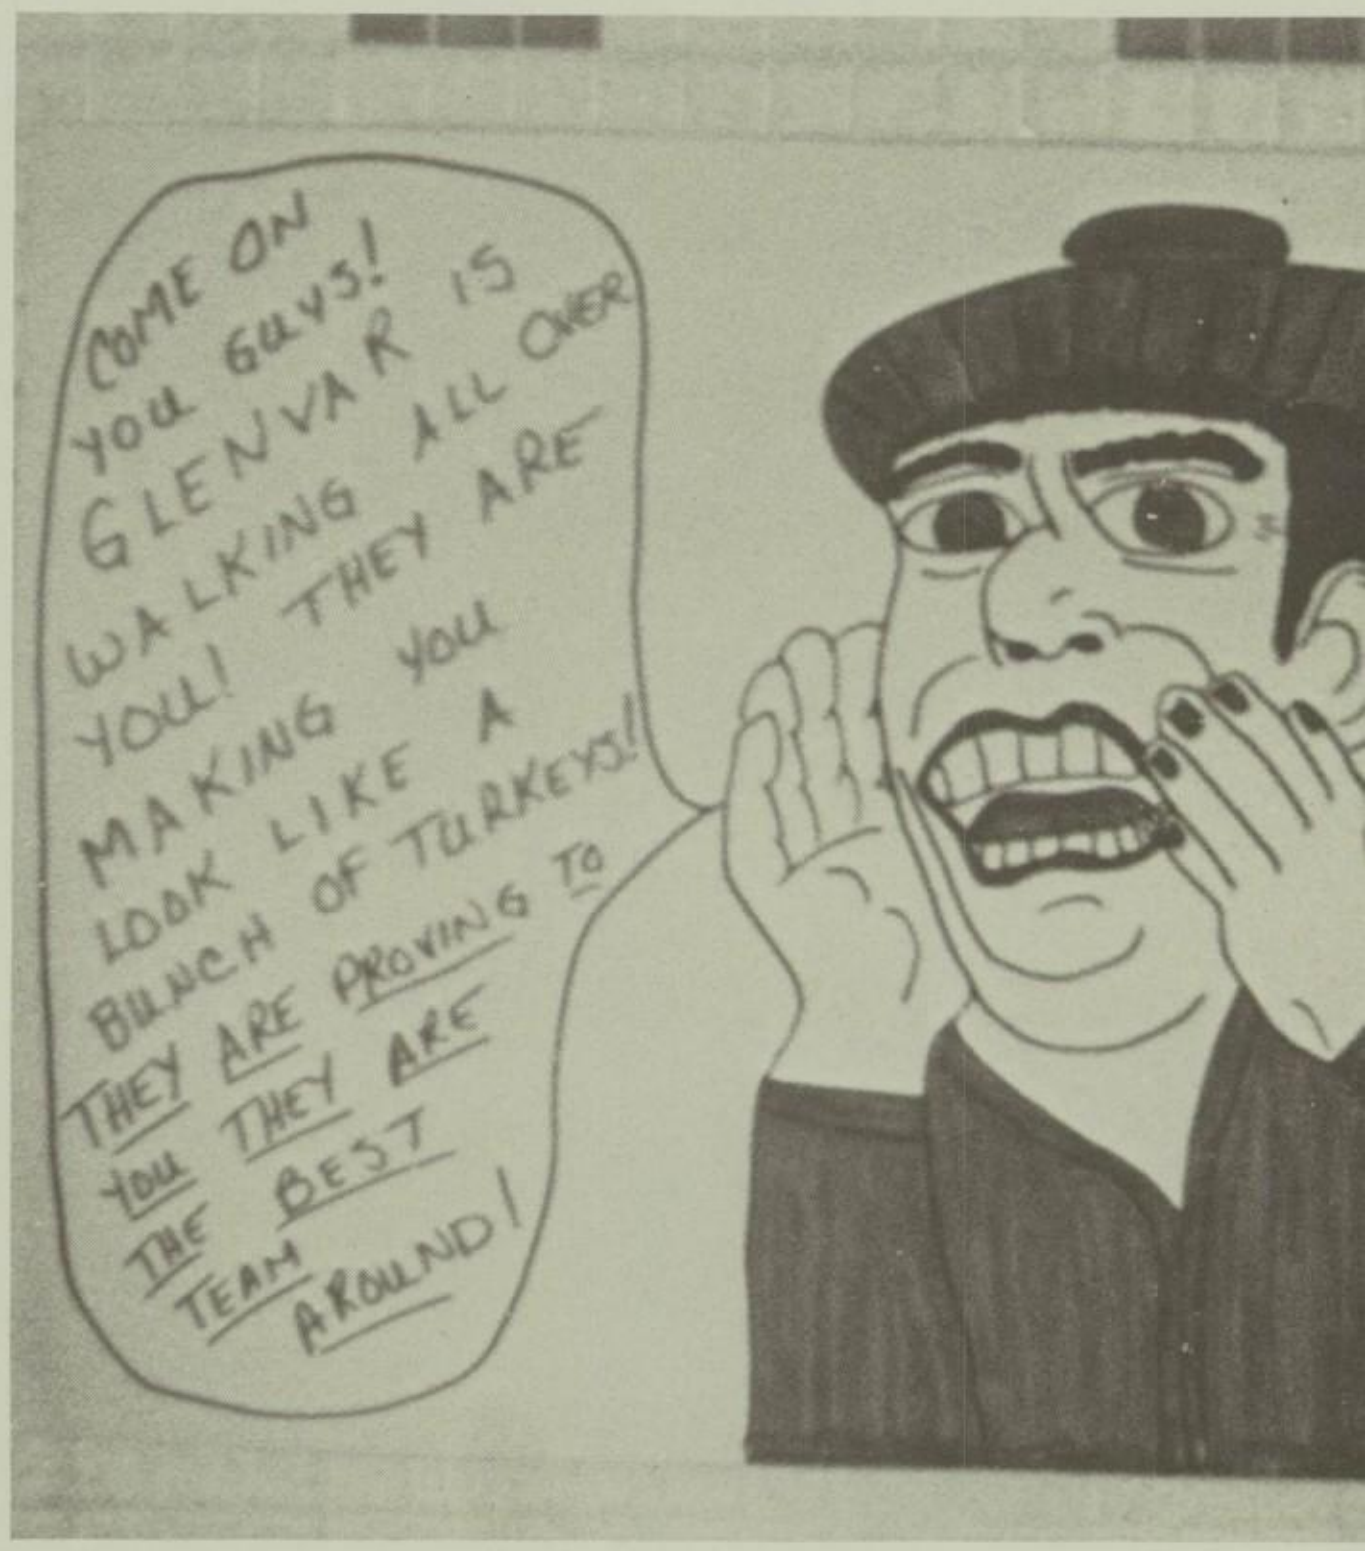




To The Far Fields We Have Gone







COME ON YOU GUYS! GLENVAR IS WALKING ALL OVER YOU! THEY ARE MAKING YOU LOOK LIKE A BUNCH OF TURKEYS!
THEY ARE PROVING TO YOU THEY ARE THE BEST TEAM AROUND!

Down Along The Sea, Above
The Hills And Back Again

Thinking We Were Running
New Ground All The Time

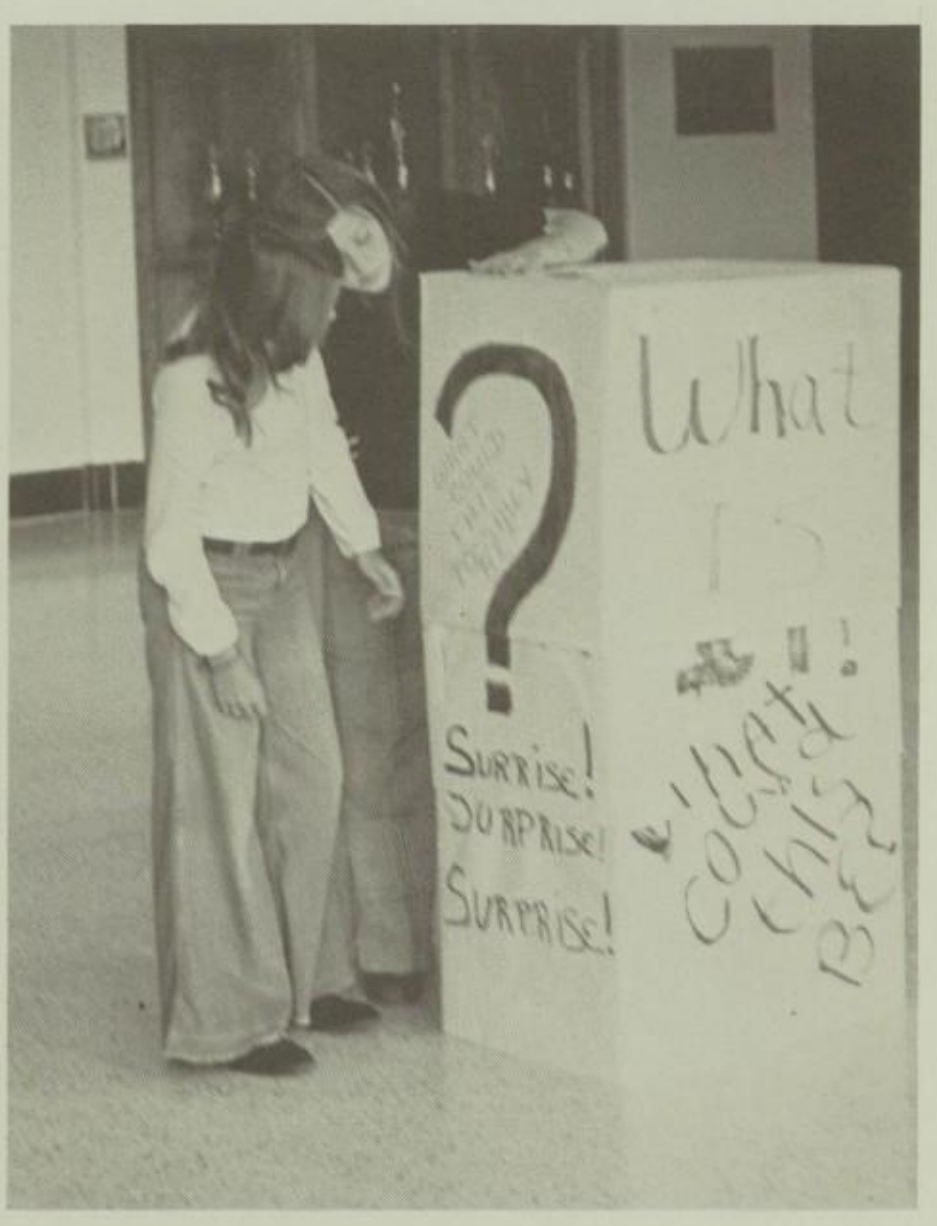
the Pioneers

Learning Only Now That All

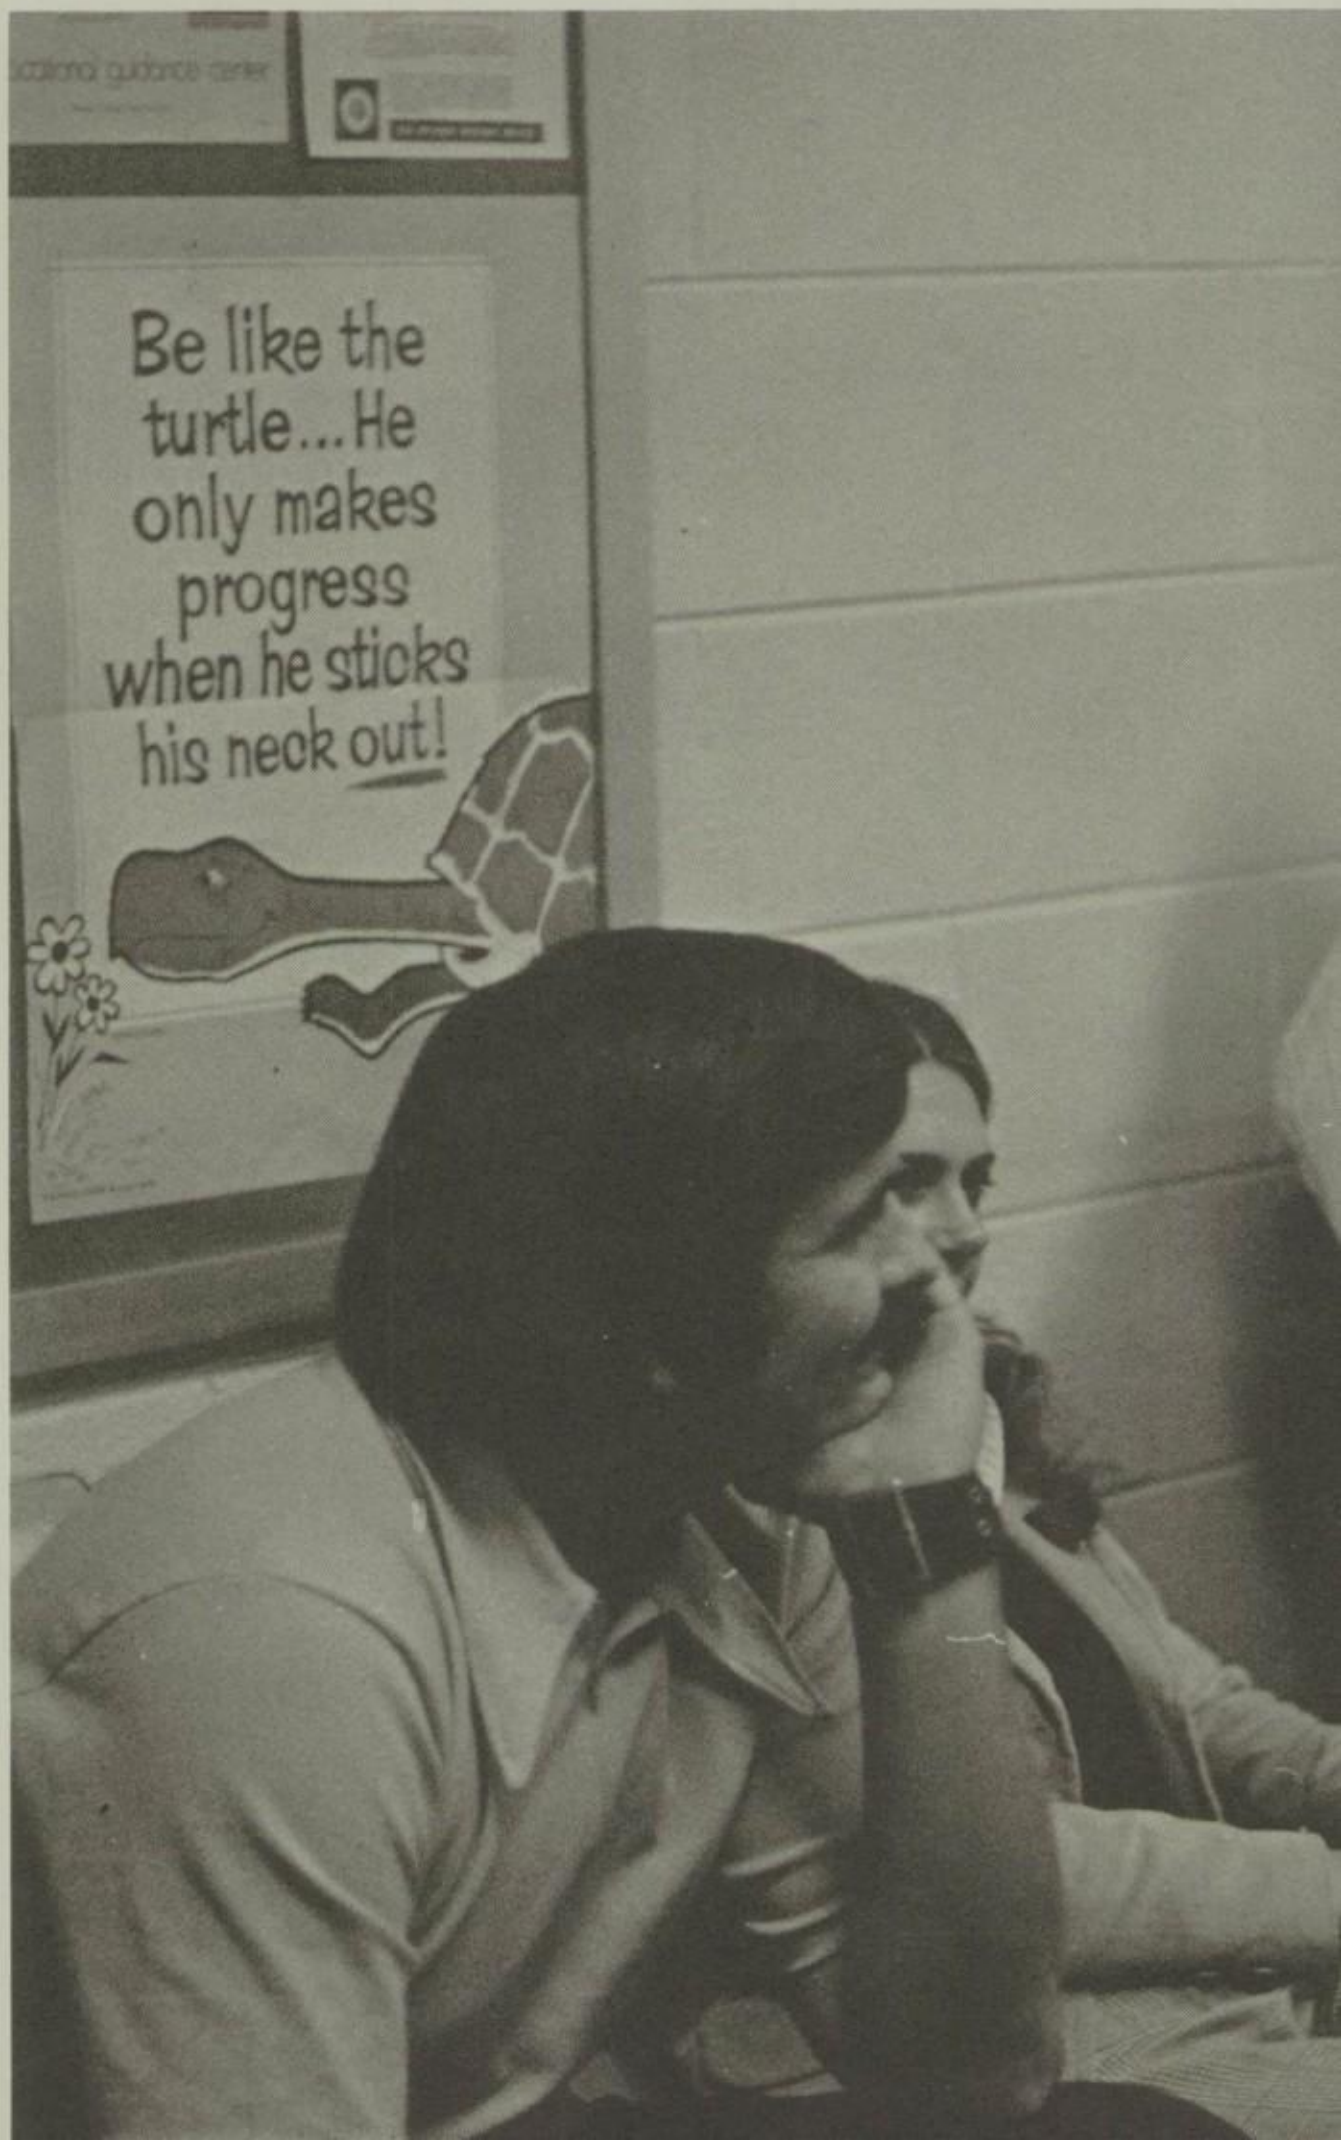
Those Wonderous Fields

Are Meadows That A New Lifetime Would Not

Last Long Enough To Take Us Through

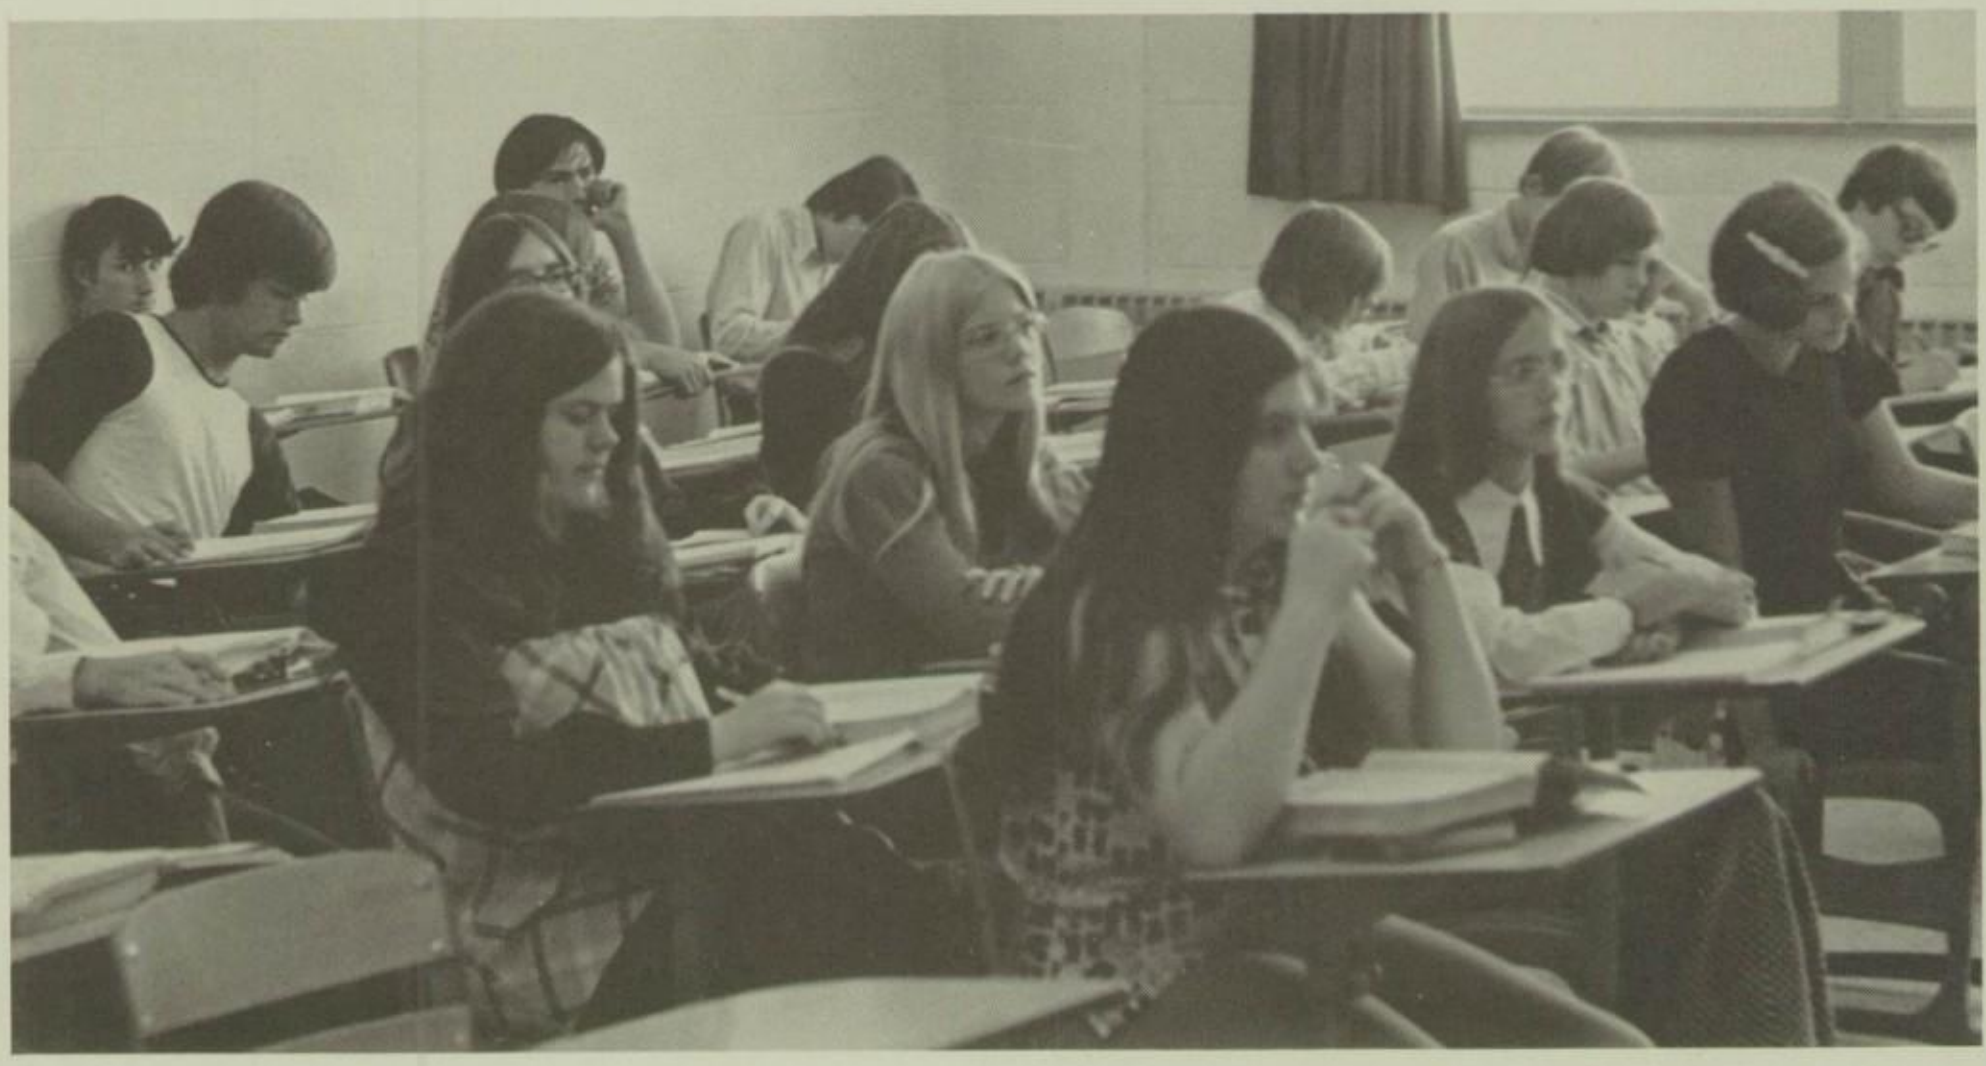


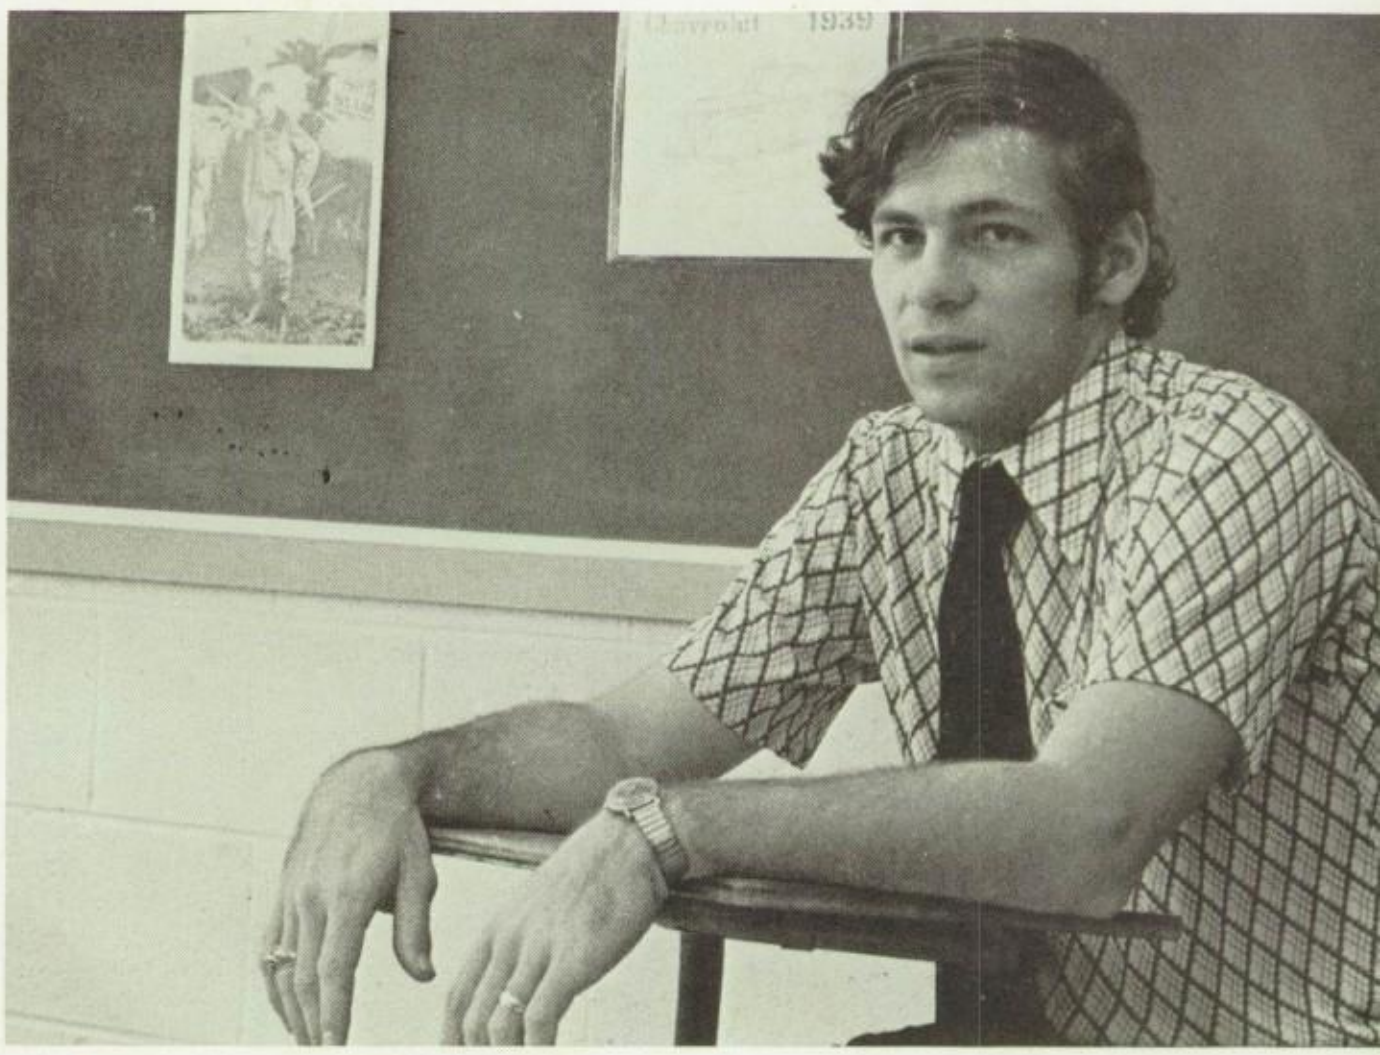
We've Will Enough To Make As Many Journeys As



We Can

In The Name of Love And Longing





And Years To Pay For Time We've Wasted

Who's Who Among Glenvar High Students

Anyone who can continue to defend the President of the United States after a series of governmental blunders deserves something, and since the annual staff is not authorized to hand out Purple Hearts, we have decided to substitute our dedication.

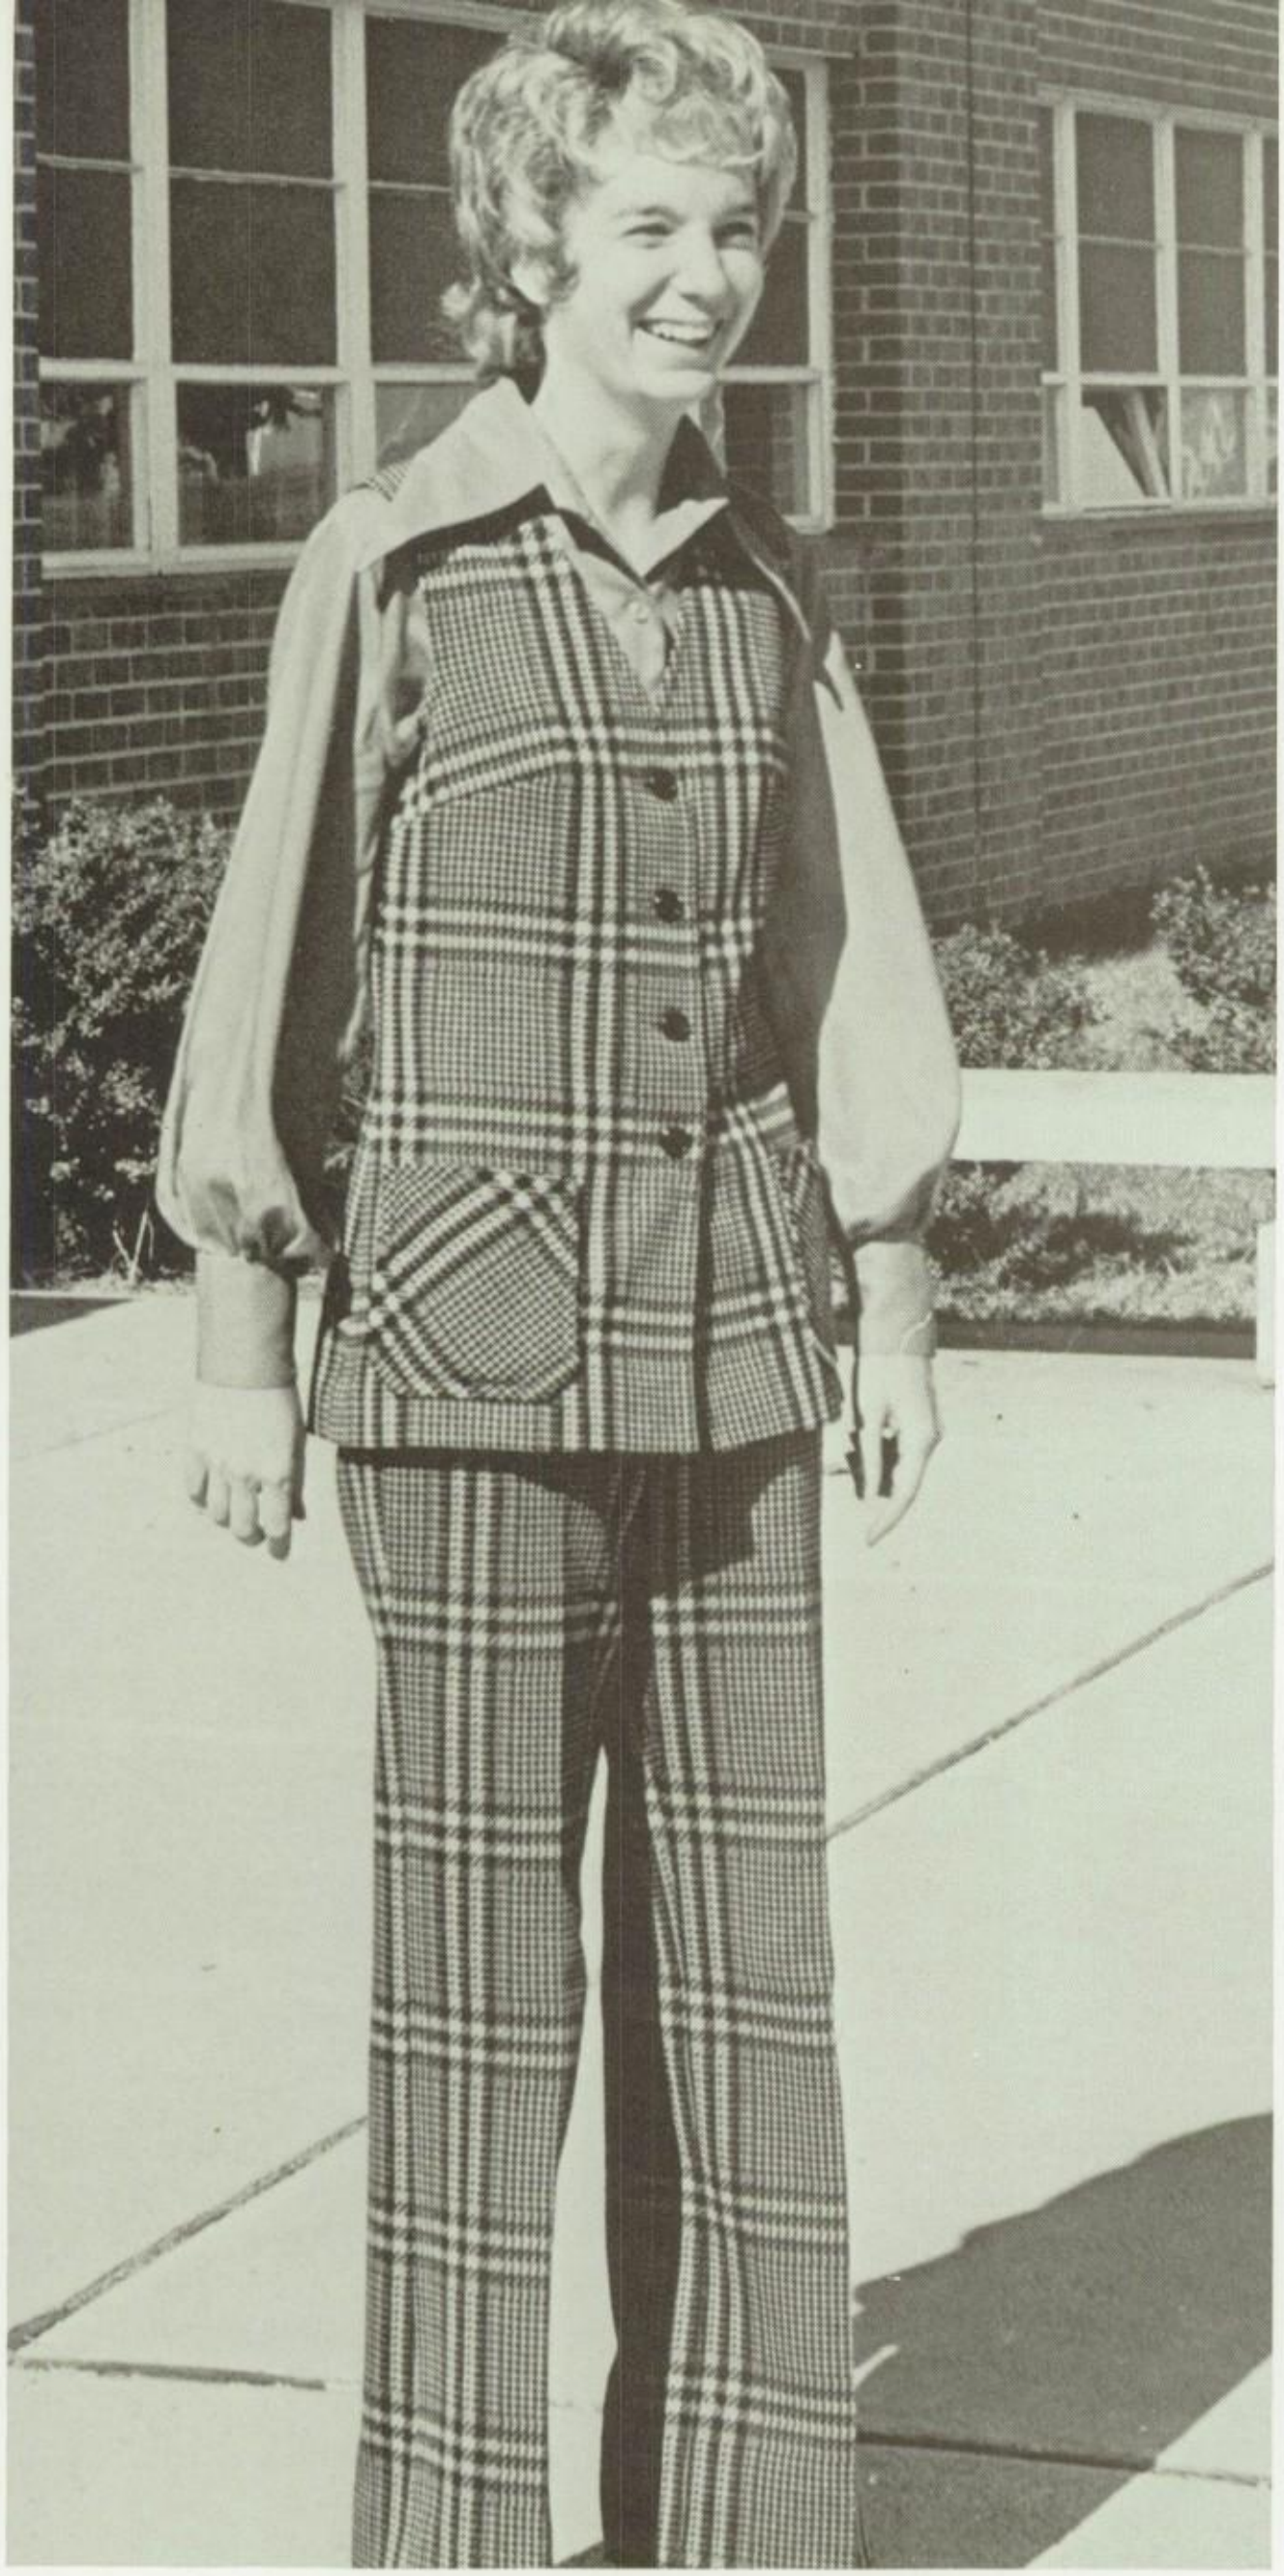
Devotion to any cause is an uncommon occurence in today's world of "so whats?"- but our educator is dedicated to not only her President, but also to her position in life. *Job* is not the term to be applied to her occupation, for teaching is a challenge to this lady, a challenge that has presented her with some of the "happiest moments in her life."

She has brought moments of gaiety, sincerity, and deep contemplation to those who have been lucky enough to have her in the classroom. She has successfully attempted to make the student aware of the importance of not only how the government works, but that only through our participation can the government work.

Outside of the classroom, through extra-curricular activities, such as the FTA and serving as the Senior class sponsor, her position is simple and sincere, for she is a friend. Teachers are a dime a dozen today, but friends are few and far between. GHS students can never be thankful enough for having their lives shaped by someone who doesn't forget her obligation to the student the minute that bell rings at 3:33 every day.

Our recipient of this year's dedication not only remembers her role as a teacher after school hours, but she kept on remembering thru her absence from school when she was out with serious throat troubles for over six weeks. She kept in constant touch with her students throughout her illness, and continued to attend school events, such as the football games every week, religiously.

Such devotion should not and shall not go unnoticed. We, as students, tend to enjoy those who enjoy us, respect those who respect us, and love those who love us. It is because we enjoy her, because we respect her, and because we love her, that we give Ms. Nancy Robison the culmination of our efforts of the year, the dedication of the '74 *Crusader*.



I think so many times there is a gap between students and teachers because students think of teachers as enemies or people who don't really care about them. It's like unthinkable to look at a teacher as a friend. The students-all of them-are individuals. Some of these students I have in my class and some I don't. Opportunities come along to talk to each other and get to know each other. And out of getting to know each other-friendships grow. To me it makes no difference whether this person is older or younger or the same age.

I think our educational system would be much better off if more teachers and students alike could view themselves as friends rather than whatever they do. Teachers play a big role and I don't think it's just getting their subject matter across.

Some of my happiest days have been spent in the school as a teacher. And I have been privileged to get to know quite a few students-young people-and they have enriched my life as I hope I have theirs.

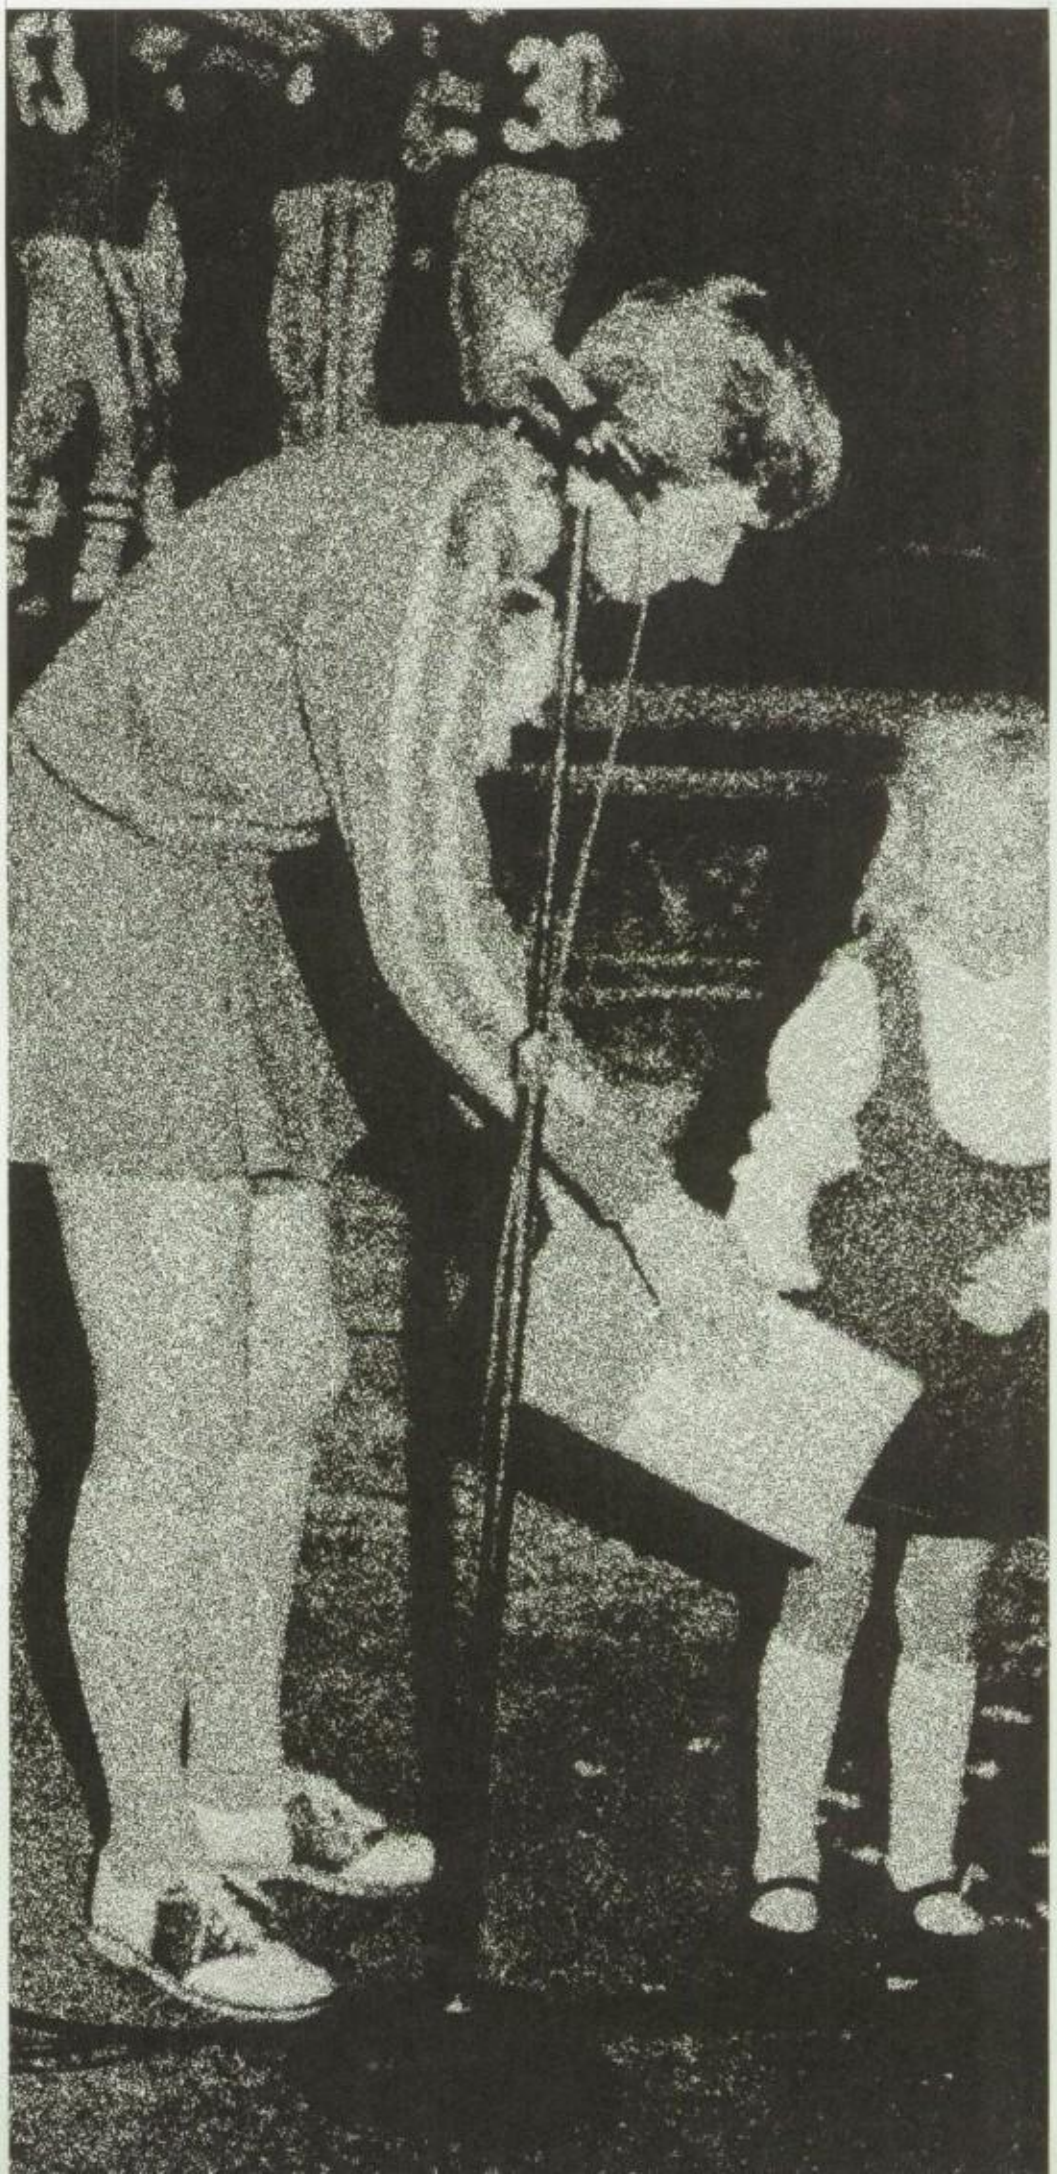
Involvement

In becoming part of something else, you lose yourself, and that's the very least that happens. Lucky are the ones who gain a language not yet tried while they're giving up what little independence there is left in life.



Pep Club Shows Enthusiasm

This year the Pep Club had plenty of spirit under the leadership of a new sponsor, Mrs. Drake. The club's money making projects included sponsoring bake sales at Green Market and at several J.V. football games. The club also made signs to support the basketball team. The year proved to be a good one for the Pep Club at GHS; the pep and spirit the members tried to create was evident in all athletic competition.

F.C.A. Attends Va. Tech Game

A chapter of the Fellowship of Christian Athletes was organized at Glenvar this year. The aim of this club was to promote a Christian atmosphere among the athletes at the school. The club was open to both male and female athletes with at least a 2.0 grade average. Sponsor of the club was Coach Ward and President of the club was Mike Wilbourne. The activities included going to a Tech football game and attending a banquet sponsored by the Regional Chapter of the F.C.A.

Honor Society Elects Members for Classroom Quiz

The Honor Society started the year by selling candy. This being their major money making project, both the old and new members did rather successful. During Christmas they prepared two baskets of food for needy families.

Another major event that involved the Honor Society was Classroom Quiz. Members of the club voted on three people to send as representatives.

The Honor Society took a trip in the Spring and also attended the Southwestern Conference. They ended the year by tapping qualified Juniors or Seniors. A picnic was held for the new members in the Spring.

FBLA Helps To Better Business World

The Future Business Leaders of America, Business Club, was established many years ago. Actually this is the first year that it really took a succeeding step. In previous years it existed but it progressed with little recognition. This year extra interest and participation was put forth. Mrs. Jennings was head sponsor of FBLA this year. Other sponsors, such as Mrs. Martin and Mrs. Keenan, also put alot of time and interest into the club. Peggy Mullins presided over the entire club at meetings after school. A special installation of officers was held one afternoon for the offices. Each girl was officially signified into her office. Guests from RCEC attended and helped with the installation. The FBLA's main purpose was to participate in checking out the business world and helping to better it.

S.A.E. Sponsors Assembly

The SAE began the year acknowledging American Education Week by presenting an assembly for the student body composed of skits written by members. A stationery sale, teacher's tea, and a student-teacher exchange day, which helped set challenges and responsibilities of being a teacher, were activities of the SAE. Susan Huffman was nominated and elected Recording Secretary of the State SAE convention. Spring activities included a trip in coordination with the Honor Society and a club picnic.

F.H.A. Sells Cookbooks

This year the FHA planned many activities. They sold cookbooks and held a program which featured representatives from nursing homes and orphanges in the community. In April the annual FHA week was held; there was also a career day at school. In May there was a parent and daughter Banquet and during this banquet, an installation of new officers.

G.A.A. Opens Membership To All Girls

For the first time, G.A.A. opened membership to all girls, not just those participating in sports. This practice allowed girls not on any teams to take advantage of the opportunities offered by the club.

Besides the usual team sports that are sponsored by G.A.A., 2 days a week were set for recreational sports. The girls were allowed to pick any games that interested them.

Once again Jersey's were the main money making project. The girls worked hard to bring their club out of the red.

The Red Cross Youth, an affiliate of the National Red Cross, is a service organization. Through the club, students gained knowledge of medically related occupations and worthwhile volunteer work.

Projects for the year included the members tutoring in nearby elementary schools. The major project was the sponsorship of the Bloodmobile. The club's major financial expenditures were covered with proceeds from the only fund raising project of the club, a bake sale.

Monogram Club Quenches Thirst During Sports Activities

The Monogram Club has members who achieve recommendation through sports activities, library work, and band. These students have their letters and this entitles them to join the club. Mr. Kucer, head football coach, was the sponsor. Mike Gibson was President, Mike Wilbourne was Vice-President, and Johnny Nixon was Secretary-Treasurer. Club members used selling refreshments during sports functions and Glenvar as their main money making project.

D.E. Students Work During School

DECA, which stands for the Distributive Education Club of America, is a club for students who start DE in their Sophomore year. During their Junior and Senior years the students can get a job and leave school early.

The members of the club helped to decorate the Christmas float. Mr. Willis was the sponsor of DECA and also taught the DE classes, along with Mr. Duffy.

Guest Speakers Spice Up Club Meetings

The Science Club, which is affiliated with the Virginia Junior Academy of Science, and the Future Science Teachers Association, has the purpose of extending the interest of science outside the classroom. The club showed the ever increasing importance of science in the lives of all people by having outside speakers, filmstrips, field trips, and by encouraging members to assist in the lab during their free time. Hopefully, some of these members will be tomorrow's scientists.

Foreign Exchange Program Set Up

The Foreign Language League kept busy all year. In December, a foreign food banquet was held where everyone brought a foreign dish. The club had money-making projects such as a bake sale, a paper drive, and the selling of bonds for the foreign exchange program. In the month of February, the members saw a Spanish movie at Roanoke College. They made the scenery for the Spanish play that was put on for the school in March. A trip to Spain was taken by four girls of the FLL, accompanied by Mrs. Carico. If you want to hear about Spain, just ask Teresa Shaver, Shelley Wade, Janet Woods, or Gina Reed.

SCA Turns On With Lightbulbs

This year's Student Cooperative Association of Glenvar High School carried out one major money-making project. They sold light bulbs. They raised the money for a new school sign. The annual Christmas tree was again decorated and placed in the lobby. A box was also decorated in which to place Christmas cards to be distributed to the other kids of the school. Once again bonds were sold to help aid in bringing a foreign student to our area. Glenvar was involved in the Exchange Program. Both juniors and seniors were placed into other schools for one day. During that day students from the other schools came to Glenvar.

Half Time Show Salutes Walt Disney

This year the band attended eight out of ten football games in effort to promote more school spirit. The band was awarded the spark plug during a pep rally for their continuous spirit throughout the year. There were three members of the band that were chosen to be members of the All State Band, these members were Sarah Miller, who was the first to be eligible in the top hundred in Virginia; Susan Weaver, and Sue Reich.

Majorettes Twirl Fire At Homecoming

The GHS Majorettes had a variety of activities which kept them busy during the year. To make money, they had bake sales, car washes, and sold candy bars. This money was then used to purchase new uniforms and to attend camp. The camp was held in Richmond. The Majorettes, with Head Cathy Sisson, participated in the Salem Christmas Parade. Twirling fire was one specialty in which the Majorettes entertained at Homecoming and the final game of the football season.

The choir, under the excellent directorship of Miss Booe, was very active this year. A choir booster club was formed to help the choir financially. They had a bake sale to begin the treasury for future trips. The choir students also sold greeting cards for new music and trips.

The choir gave several concerts. Although all concerts were exceptional, one stood out in the minds of all choir members, for it was given at the V.A. hospital. Two Christmas concerts were also given: one at Glenvar Elementary and the other at Bethel Baptist Church.

The choir joined with the band at Homecoming. They sang patriotic songs at the beginning of the game and also sang at halftime.

Finally, they sang at graduation and commencement exercises to bring their last song to the seniors.

A year of changes marked the '73-'74 edition of the *Crusader*. The biggest change came about when we switched from Paragon Publishing Company to Hunter. This change was made in the interest of the students and caused much hard work for the staff members. There were new layouts and deadlines to contend with and a time of trial and error for the new members of the staff.

Due to contrary belief, the Annual Staff did not party all the time, instead they worked. The fruits of their labor need not be mentioned, but seen, in this . . . the best *Crusader* ever.

Grappelette Club Members Aid Matches

The Grappelette Club, introduced last year, continued to support the wrestling season during the '73-'74 season. The club organized to help the wrestlers and cheerleaders, raised money that supported expenditures for uniforms. In addition to money-making projects, preparations before and during matches were extended from members of the club to the wrestling team.

Thistle Subscriptions Sold to Students

The Thistle Staff, under the direction of Mr. Cromer was successful in publishing nine copies of the newspaper this year. During the summer, Thistle staff members sought out sponsors to support the paper. Several local business owners bought ads that were seen in the paper each issue. After school began, interested students purchased subscriptions to give the paper a fine start for the first months of publication. Later in the year, the staff planned a student-faculty basketball game to support financial debts for later publications of the paper. Coverage of articles on sports, assemblies, faculty, and students were written for the major interest of the school.

Seniors Leave Glenvar High Spirited

Two new sponsors Mrs. Athey and Ms. Robison, contributed much hard work and time to the senior class of '74. Although the sponsors worked hard, they were not the only ones. Everyone participated in all the activities and presented the best on all fields.

Many honors were given to the seniors in their last year. Cathy Richardson and Mike Fisher, reigned over the Homecoming activities as Queen and King respectfully. Cathy Sisson represented Glenvar as Snow Queen in the Christmas Parade and Peggy Mullins and Sharon Bishop were Princesses.

A country setting was seen when the seniors presented acts of talent by Glenvar students in the annual talent show.

Our final year at Glenvar proved to be an exciting and successful experience for everyone. It led to great memories that will never leave us.

At last our years of work and diligent study are rewarded as we graduate . . . the class of 1974.

Homecoming Week — 1973 was a busy week for GHS students. The cheerleaders sponsored the annual Spirit Link sale and Best Hall Decorations, both won by the spirited Freshman class.

GHS students voted for Ruth Hudson, Tracy Dyson, Peggy Mullins, Sue Harrison, Tracie Bush, Vicky Francisco, Ruth Bell, and Susie Graham to serve on the Homecoming Court. Scott Atkins, John Nixon, Allan Blomberg, Mike Gibson, David Spangler, Mike Flinchum, Mark Hash and Mike Wilbourne served as escorts. Mike Fisher and Cathy Richardson reigned as King and Queen and Mark Nichols and Cathy Sisson were chosen Prince and Princess.

The football team challenged the Pioneers of Fort Chiswell, emerging victorious by a score of 26-8. Student support and a good team effort combined to make Homecoming '73 a success.

A Year of Accomplishments An Eternity of Memories

Junior Class Gets Two New Sponsors

The Junior class showed much enthusiasm and spirit during the year and was awarded the Spark Plug at the first pep rally of the year. They started the year off in the right direction with more money than any other class in Glenvar's history. As the year got underway, so did the money-making projects and plans for the prom. Dishclothes were sold and proved to be a big success. In the Fall, the boy's beauty pageant"They Only Come Out At Night" was held. The Juniors were proud to have two new great sponsors, Mrs. Akers and Mr. Hall, to help with the production.

During the course of the year the students were never left without anything to do. Planning for a college choice or a career was something all had to think about. When they weren't worrying about grades, Juniors were worrying about whether or not they had a ride home from one of the committee meetings after school. Though there was much work involved, every Junior enjoyed the year and looked forward to his Senior year.

The Junior Class annually presents to the public a boys beauty pageant. This year's theme was "They Only Come Out At Night." Mrs. Akers and Mr. Hall were very patient and played a big part in making the pageant a success. A lot of hard work was put into the pageant. There were those who spent their study halls helping with scenery and lights. The escorts provided the boys with their costumes, some were provided by the Showtimers. Mrs. Brock and Mr. Grant played the part of M.C.'s perfect to suit the theme. Coxie Cruff reigned Ms. Groovy Teen, and it is believed that her belly dance did it. Of course Coxie was not the only lucky one, Jemime Jobe was voted Ms. Congeniality. Runner ups were as follows: Penelopee Price, Hilda Hill, Wolf Woman Williams, and Candy Caldwell. The Junior Class raised a little over five hundred dollars to account for their efforts.

Spirit of '76 Increases

The sophomores enjoyed an active year under their sponsor Mrs. Menefee. They decorated a car in the homecoming parade and they also decorated a hall.

The Goodies Corner was one of the main projects of the year. Sophomores brought baked goods to home football games. This turned out to be a very successful project.

The sophomores also had several Saturday morning doughnut sales. This project increased the treasury also.

The last year of gym has been completed, and the sophomores look forward to an eventful and exciting junior year.

Spirit was they key work for the class of '77 as they strived forward in their high school career. Not only did they overcome the odds of being the youngest class at Glenvar for three successive years, but they also showed that their spirit reighned supreme. During the Homecoming Week, the Freshman won the Spark Plug, bought the most spirited links, and displayed the best decorations for their hall.

These achievements represented the enthusiam and concern which should be shared by all students at Glenvar. It was apparent that the Freshman Class could not put it together, it was together . . . The Spirit of '77!

Top: President Vicki Mills and Vice-President Janet Kelley are always on top of things when freshman business is concerned. Bottom Left: Pausing from their busy schedules, Treasurer Pam Graves and Secretary David Nixon pose for pictures. Bottom Right: Mrs. Hardebeck finds the duties of freshman sponsor quite a chore.

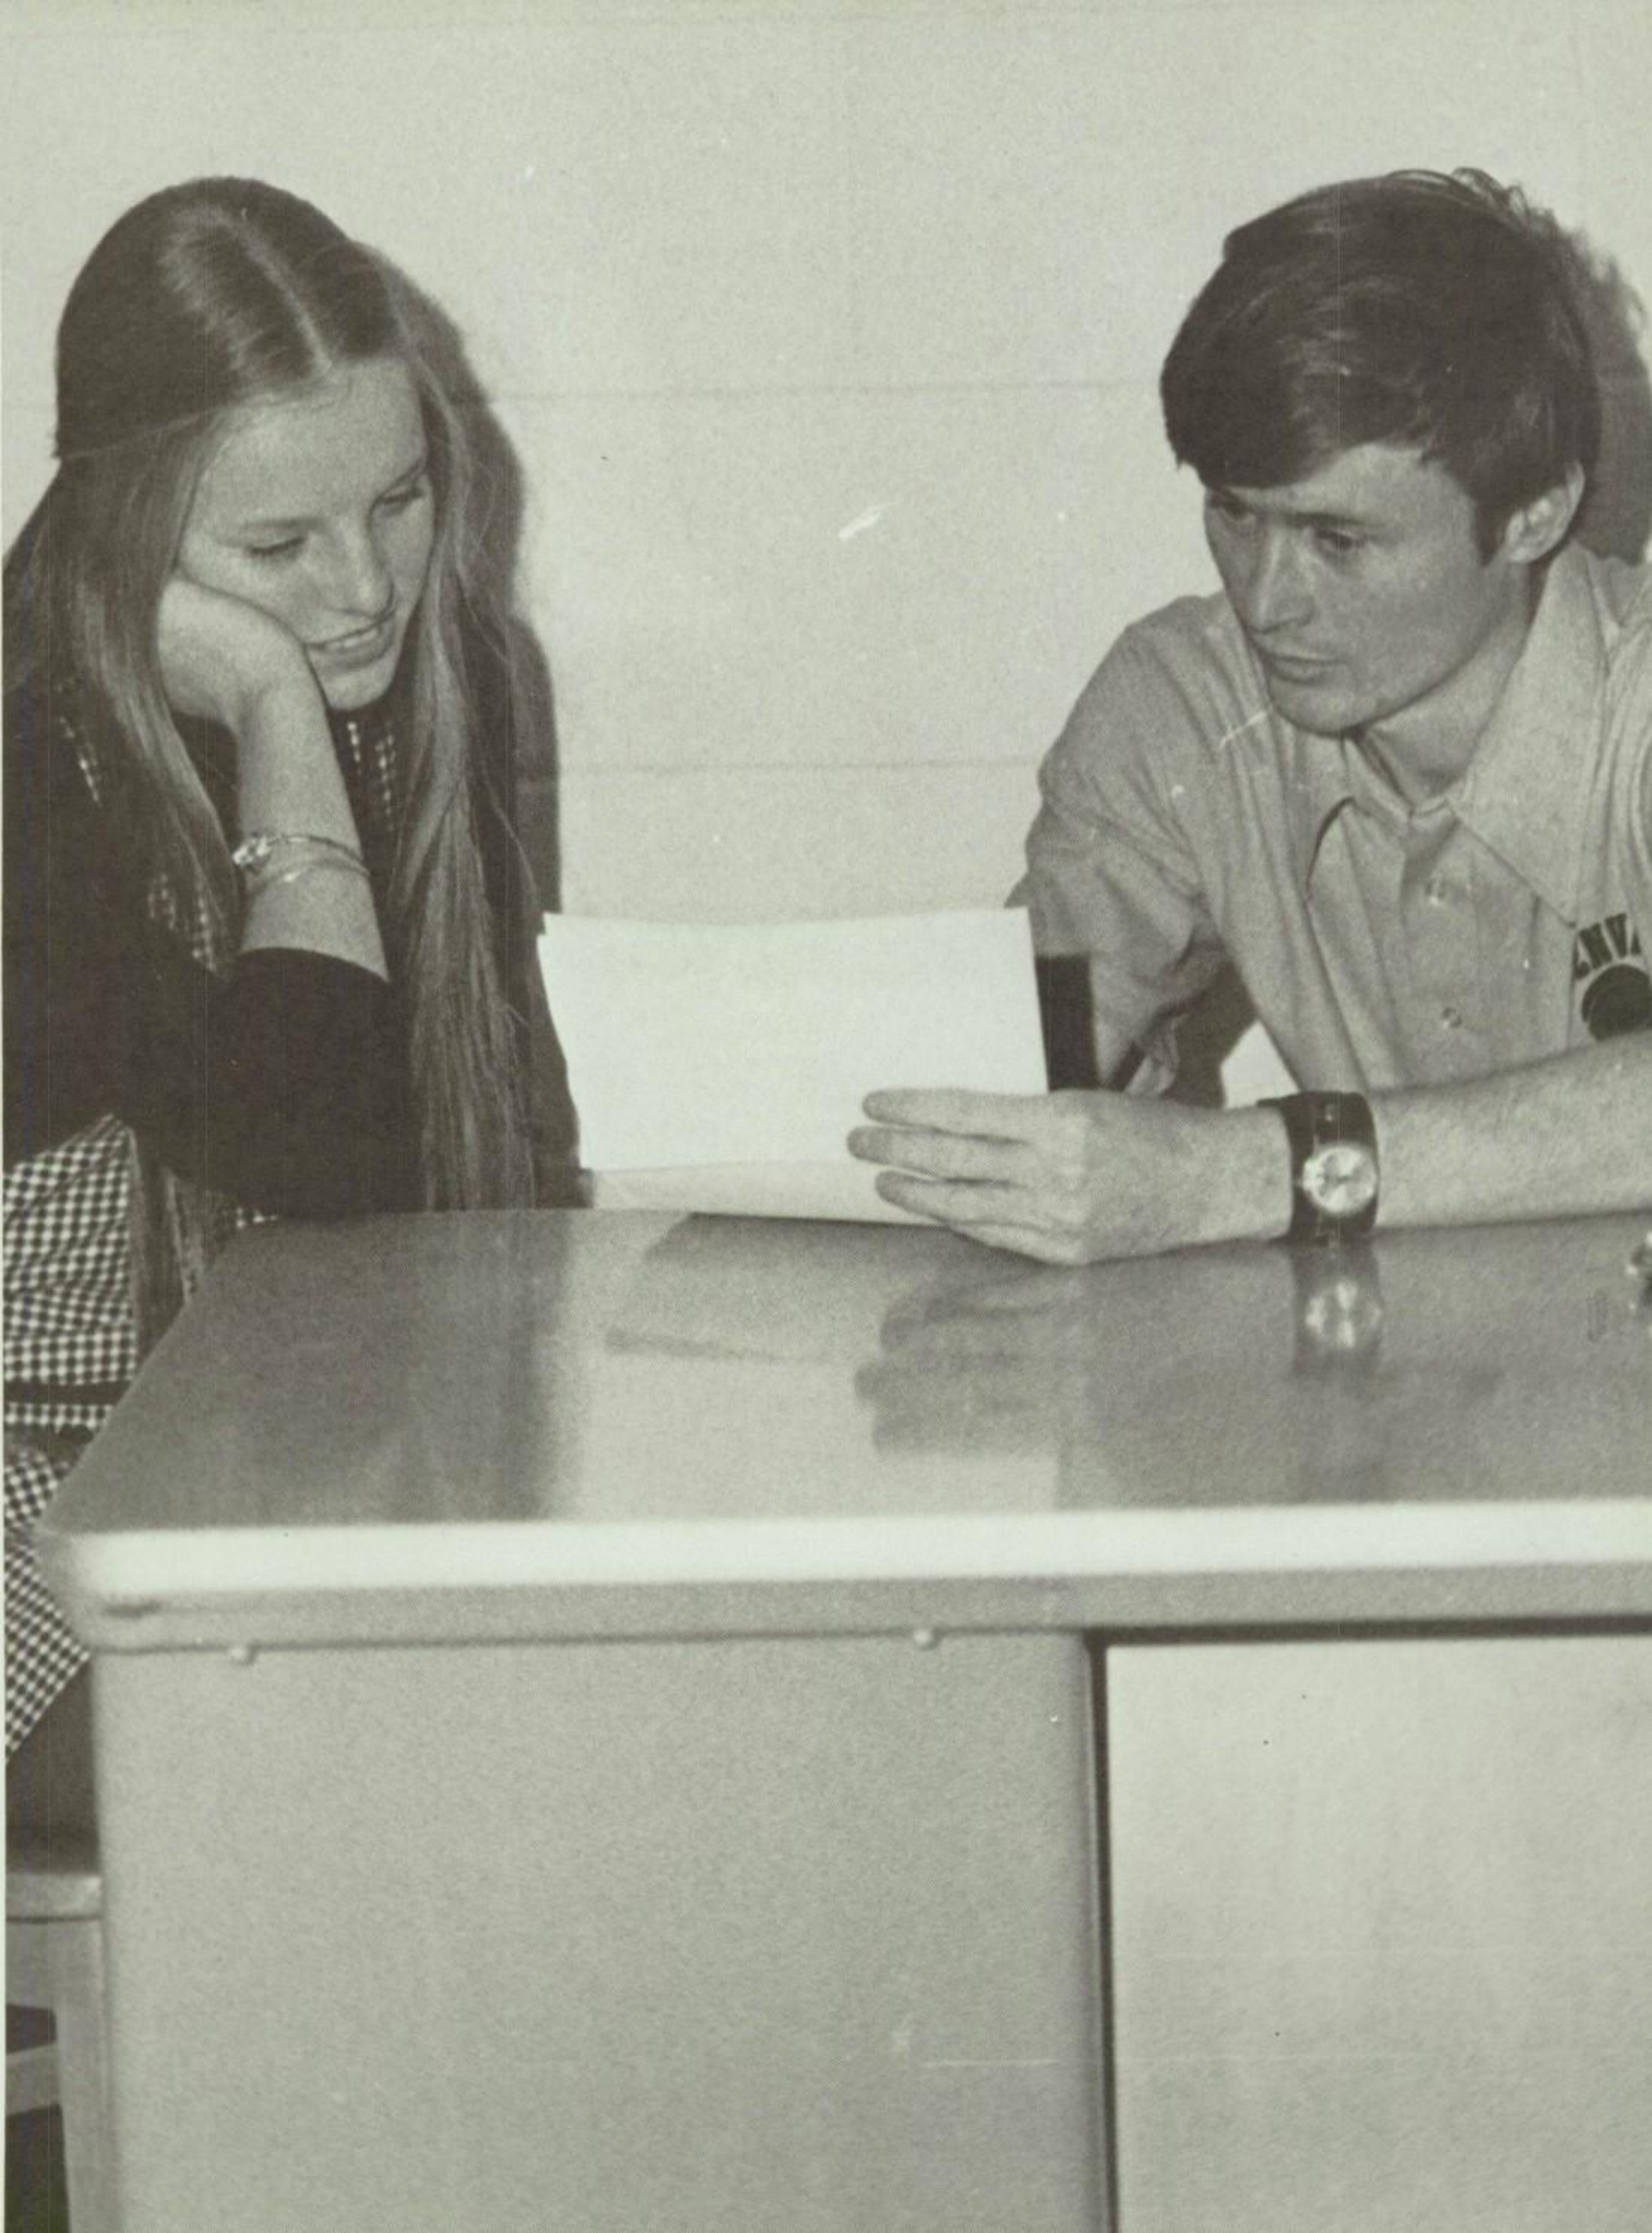
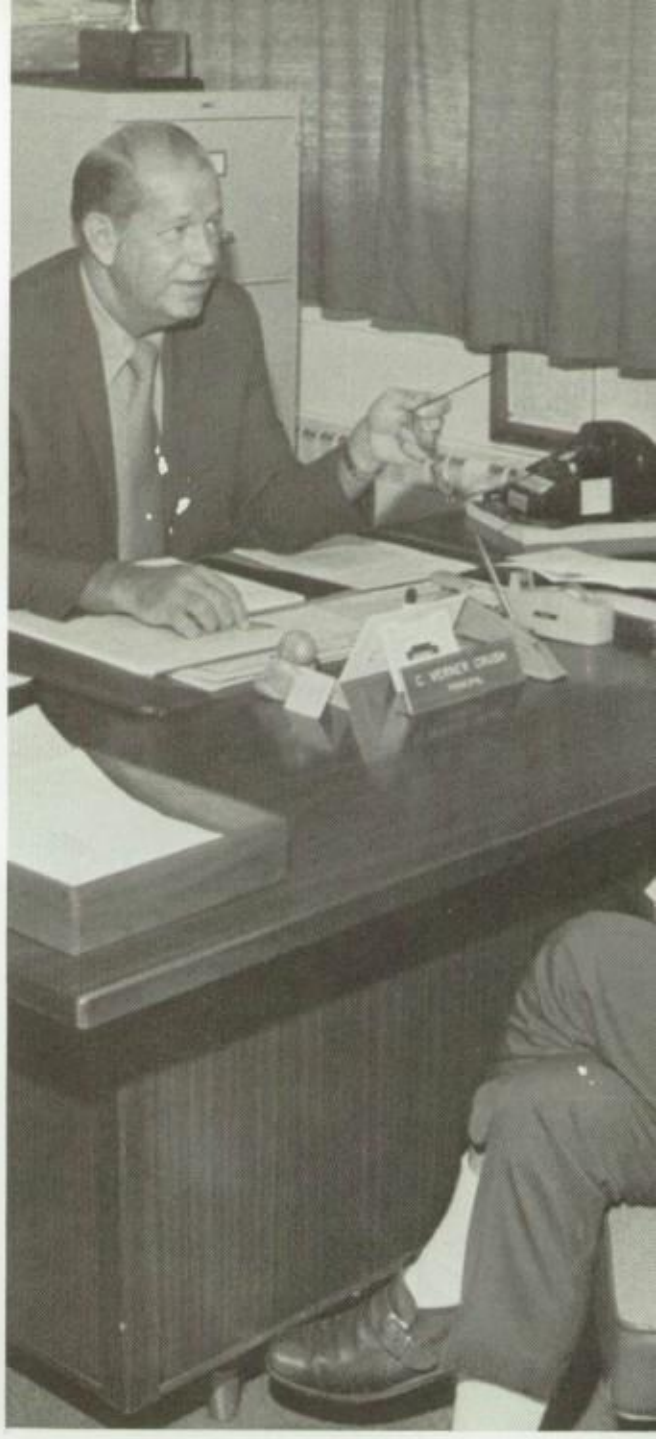
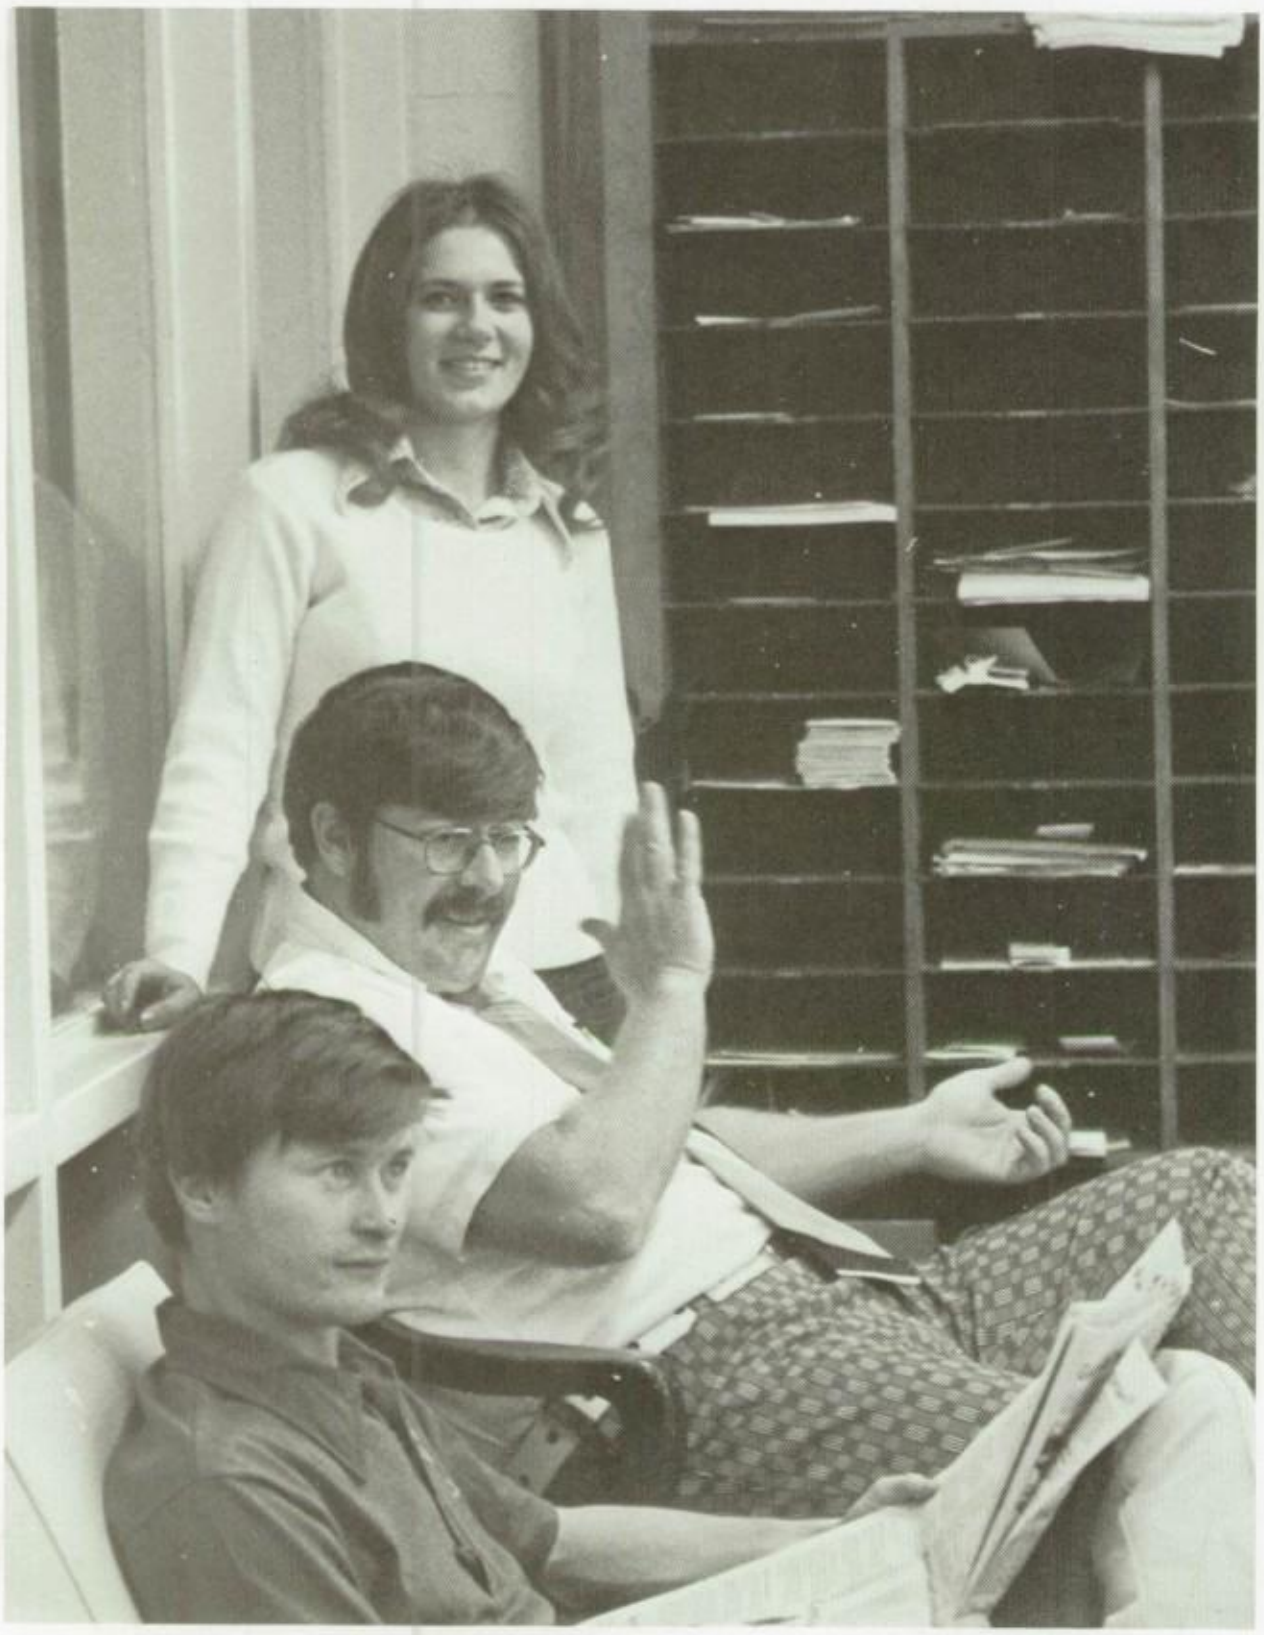
Educators

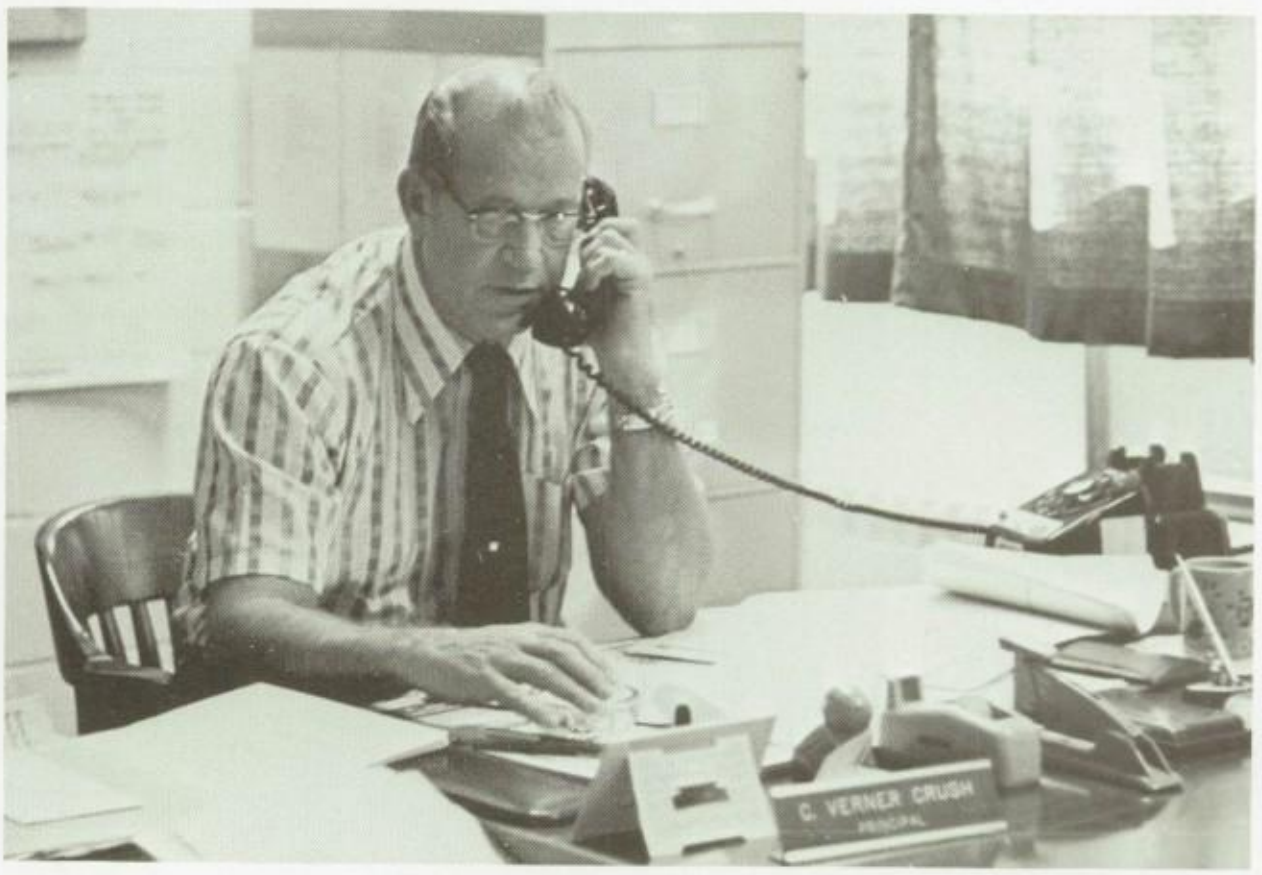
And we say kill no man nor murder his ideas before they've had a chance to surface from his mind.



Top left: Mr. Crush takes a little nap before he faces an irate teacher over discipline problems. Bottom left: "Mr. Ward, don't tell me you still want that raise!" Top center: C. Verner Crush, (Roanoke College, B.S., V.P.I. and S.U. M.Ed.) Principal, Jacob Steven Hyer, (West Virginia University, B.S., Radford College, M.S.) Attendance Counselor; Bates Killinger, (Hampton-Sydney, B.S., U. Virginia, M.Ed.) Activity coordinator and Atheletic Director. Bottom Center: Mr. Killinger makes sure Mrs. Hicks doesn't slip any money under the desk. Top right: Mr. Killinger patiently listens to a students request for an assembly. Bottom Right: Mr. Crush discusses one of the many problems that arise within the school with Mr. Burton.



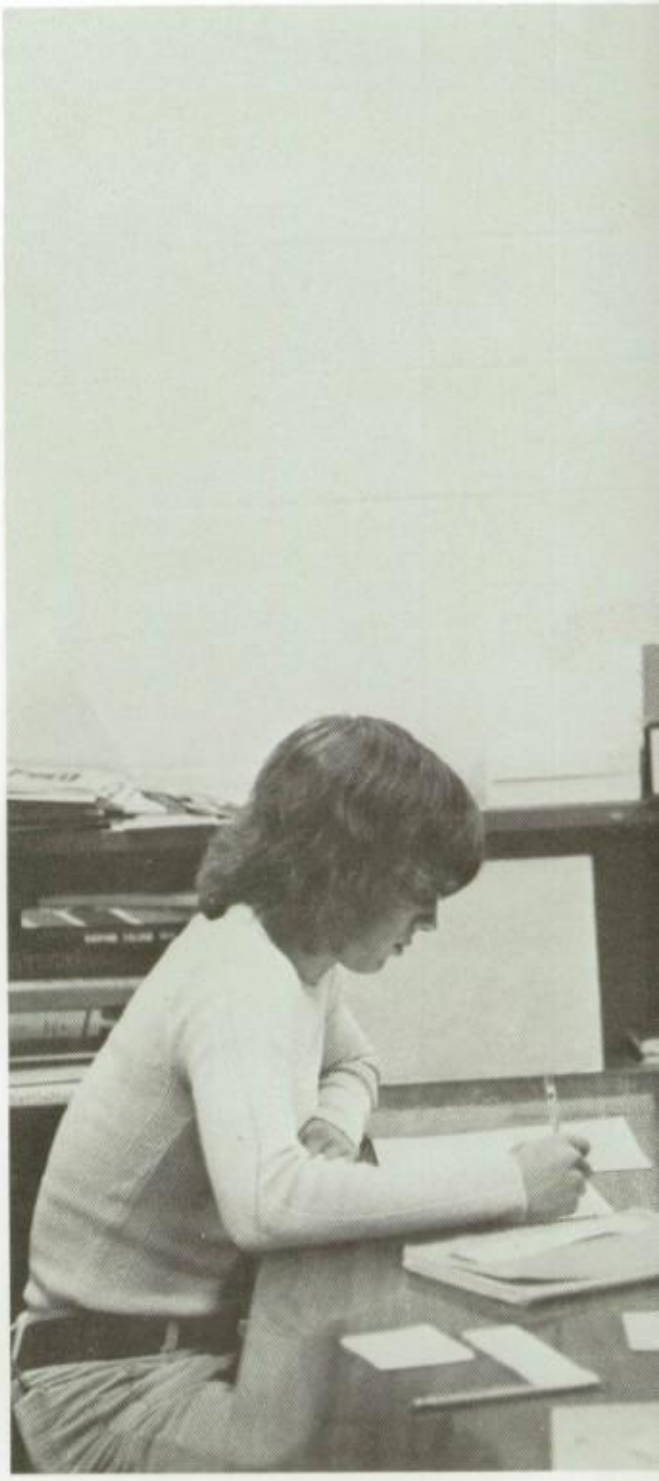


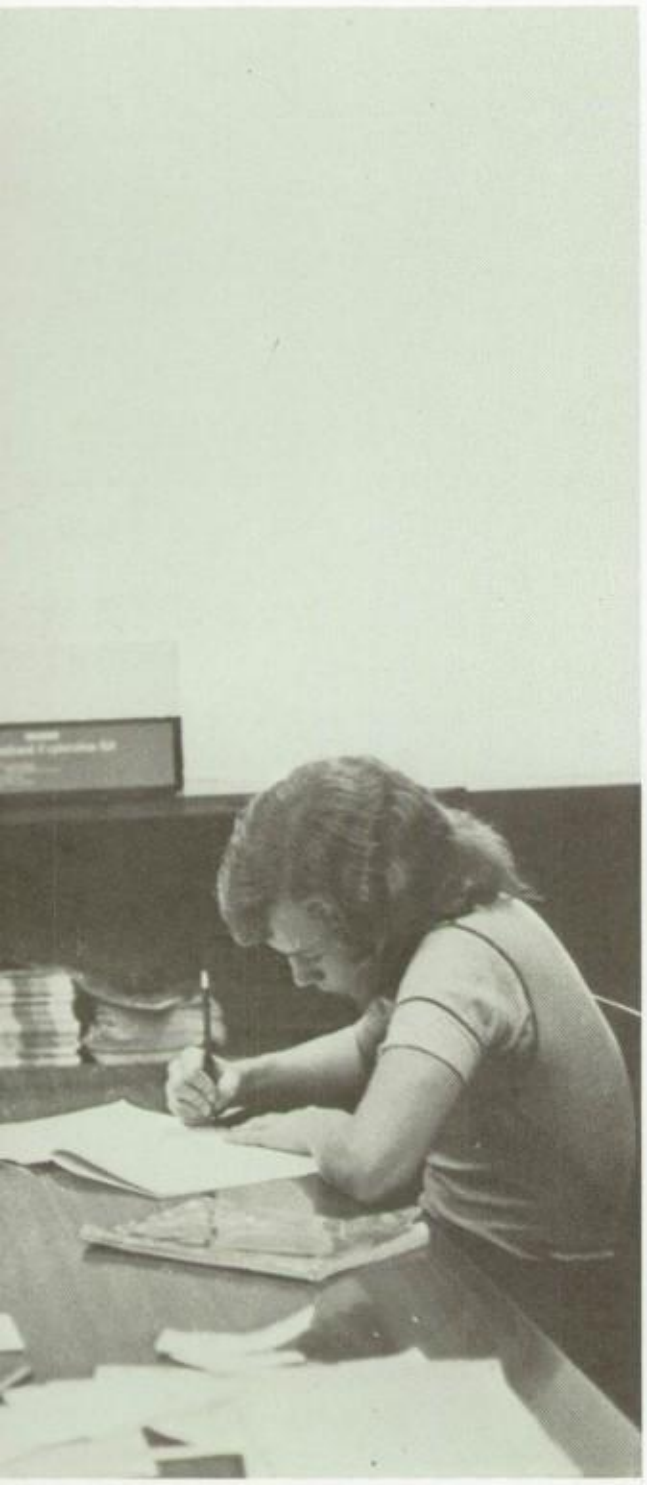


Eleven new teachers joined the '73-'74 faculty. Soon they began to blend in with the familiar faces as they became acquainted with the new surroundings. Their goal, along with the veteran teachers, was to give each student the personal attention he requires, to help him with his problems, and to provide him with the best possible education.

Eleven New Teachers Join Faculty

The Guidance Department at GHS served the students as a source of constant aid in terms of future and present day problems. Each counselor was responsible for their students' scheduling and was also available for individual conferences should the students need additional counseling for any number of reasons. Although the counselors made an hones effort to be helpful, many students felt that the guidance staff was unable to provide the necessary counseling needed by many at various times.





Bottom left: Mrs. Anna Johnson (A.B. Virginia State College), center Mr. Jerry C. Dupree (B.S. V.P.I., M.Ed. U. Va., American University), Guidance Coordinator, right Mr. Joseph Allen Davis (B.S. Virginia Commonwealth University, M.S. Radford College), head Basketball Coach. Bottom right: I told you not to call me here, someone might get wise. Top center: Billy Thomas and Steve Battle pose as typical Juniors taking SCAT tests. Bottom left: Mrs. Johnson refers to her files containing information for a student. Top left: The Guidance has aides to help students in subjects they have trouble understanding. Top right: Mr. Hyer has to wait to see the Guidance counselors just like all the rest. Top center right: Mr. Davis takes notes from Mr. Trumbower on the basics of a game called basketball?

New Program Helps Students in Office Training

Secretaries play an important part in the running of any school. Three of the most outstanding are Mrs. Fielder, Mrs. Hicks, and Mrs. Woolwine, and they played that important part this year at Glenvar.

Mrs. Fielder was in charge of a new program that was set up to help many business students. Business teachers and secretaries cooperated in setting up this program to give Clerk Typing II students on-the-job training. The students spent one period in class and one period in the office. Along with managing this program, Mrs. Fielder continued her many duties as head secretary.

Mrs. Woolwine was the Guidance secretary and also kept the registers for attendance up to date. Mrs. Hicks was mainly the bookkeeper, but also helped with the front office.

Bottom left: seated Mrs. Fielder, Mrs. Hicks, Mrs. Woolwine. Top left: "The school code is not 3869, it's 472043. Center: Mrs. Hicks takes a rest from her busy accounting duties. Humanizing Media Center

Once referred to as the Library, the center of research and general information at GHS changed its name to the Media Center. This change occurred because the center not only helped students gather information through the use of books, but also helped them gain knowledge through the use of movies, film strips, magazines, and professional and general periodicals.

This past year was also a year of firsts. For the first time, the Media Center had close to $900,000 to spend for books, and equipment such as opaque projectors and over-heads. The Center was also able to meet the Southern Association's standards of ten books per person. Wet-bottom study carrols were provided by the Industrial Arts Department to aid students needing tape recordings or film strips. A new pass system was also started this year.

New Drivers Are Set Loose On The Road

The Driver's Education Department had a new teacher this year, Mr. Charles Ward. After several enjoyable movies the students were taken onto the range for experience in parking and staying in lanes. Several cases of whiplash were reported. When the age requirement was met, a DMV representative administered the test for obtaining one's Learner's Permit. After ample on the road training, it was down to the DMV for your license. The drivers were then let loose for scratches, dents, and banged bumpers.

Male Students Domesticated

Even though Bobby Riggs would not have approved of it, male students encountered the Home Economics Department. In Senior Home Ec., one was taught the lifestyles of home. From pineapple cakes to baby diapers, the class struggled through failures and accomplishments.

The Home Economics Department also offered the conventional courses including sewing, home management, and food preparation. Students in grades nine through twelve received valuable instruction preparing them for the possible encounters of home life.

The department of Industrial Arts is divided into two separate areas, shop and technical drawing. Two years of shop are offered. The first year consists of nine weeks of each of the following: technical drawing, woodworking, metal working, and electricity. There were more enrollees from the female sex entered into this program than ever before at Glenvar. Mr. Carpenter, the head of the department, has hopes of even more girls becoming aware of this program in future years. The 2nd year of shop was a year of advanced woodworking. All shop classes except one were taught by a new teacher, Mr. Brammer.

Technical drawing I was an introduction to drafting, engineering, and construction.

Architectual drawing was offered as a course for the student interested in becoming an architect. Students planned, designed, and made actual drawings for a house.

The Glenvar Choir had a variety of activities planned for the year. For the first year, the choir helped the band present a program for Homecoming. The usual Christmas program and Spring concert were held before the school. The choir once again participated in the District Festival in which they were graded on their performance. The two best students from each section were selected and sent to participate in the Regional Chorus. The short tour in the Spring was also a success. A Music Appreciation course was again offered to students with an interest or talent in the music field.

The Marching Green and Gold Highlander Band took a superior rating at the State Music Festival under the direction of Wilbur Grant. The band turned down invitations to the Tobacco Festival and Virginia State Fair to support the football team. The band also participated in the All County and All Regional Bands.

Service Staff Proves Importance

The Glenvar Service Staff is one of the most important functions at the school, yet few students or teachers take the time to realize it. If for one day the Service Staff did not work, we would have no paper towels or toilet paper in the restrooms, no French Fries or any food at lunch, and no clean waterfountains or restrooms. The absence of these people would definitely be noticed. The Service Staff consists of the maid, Mrs. Miller, the custodians, headed by Mr. Barnes, and the cafeteria workers.

Perhaps Glenvar students and teachers should show their appreciation of these hard working individuals instead of taking them for granted as many do. The Service Staff of Glenvar does a job unsurpassed.

A New Teacher A New Experience A New Art

Art proved to be a different experience to students wishing to apply their artistical ability this year. Due to the great demand of students wishing to take Art, more classes were added. Also added to the Department were two new teachers, Mr. Peterson and Mrs. Drake. Under their instruction, students were urged to apply practical situations to their creativity.

Art I consisted of new concepts dealing with making art useful in everyday life. Finer art and history was the basis of Art II. Students were taught appreciation and quality of the subject.

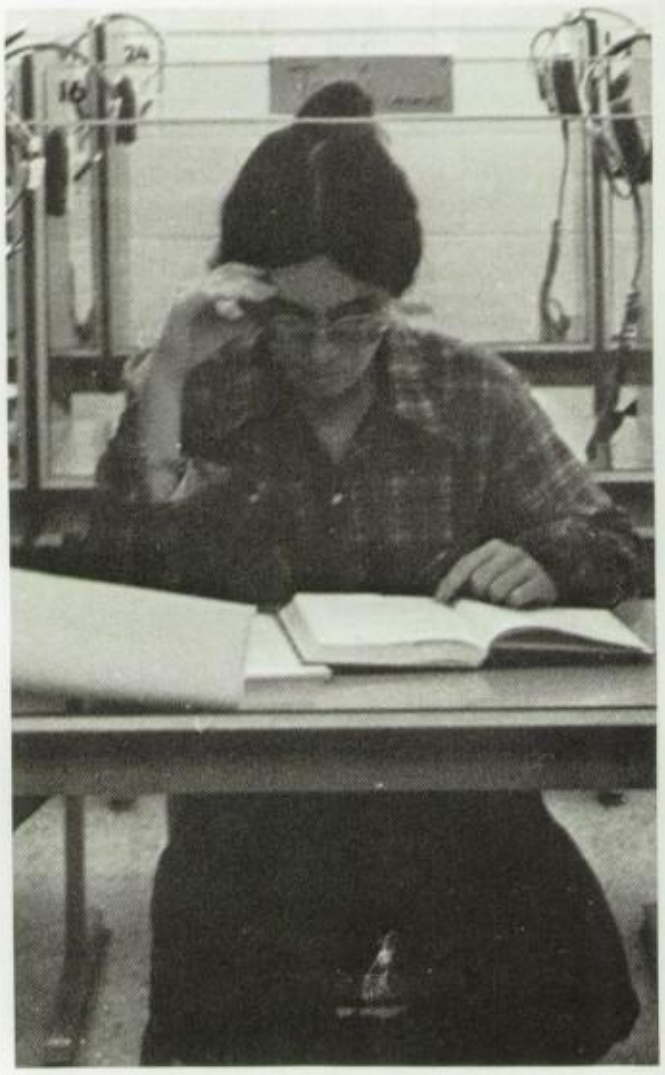
Parlez — Vous Française? no yo Haolo Espanol!



The Foreign Language Department opened this year with a new face — the French teacher Mrs. Varin. Her lower students learned the basic structures and conversations of France, as well as the customs and history. The advanced classes dwelled on modern literature. Mrs. Carico's Spanish classes learned the geography and conversations of Spain for a planned trip there during the Easter holidays.

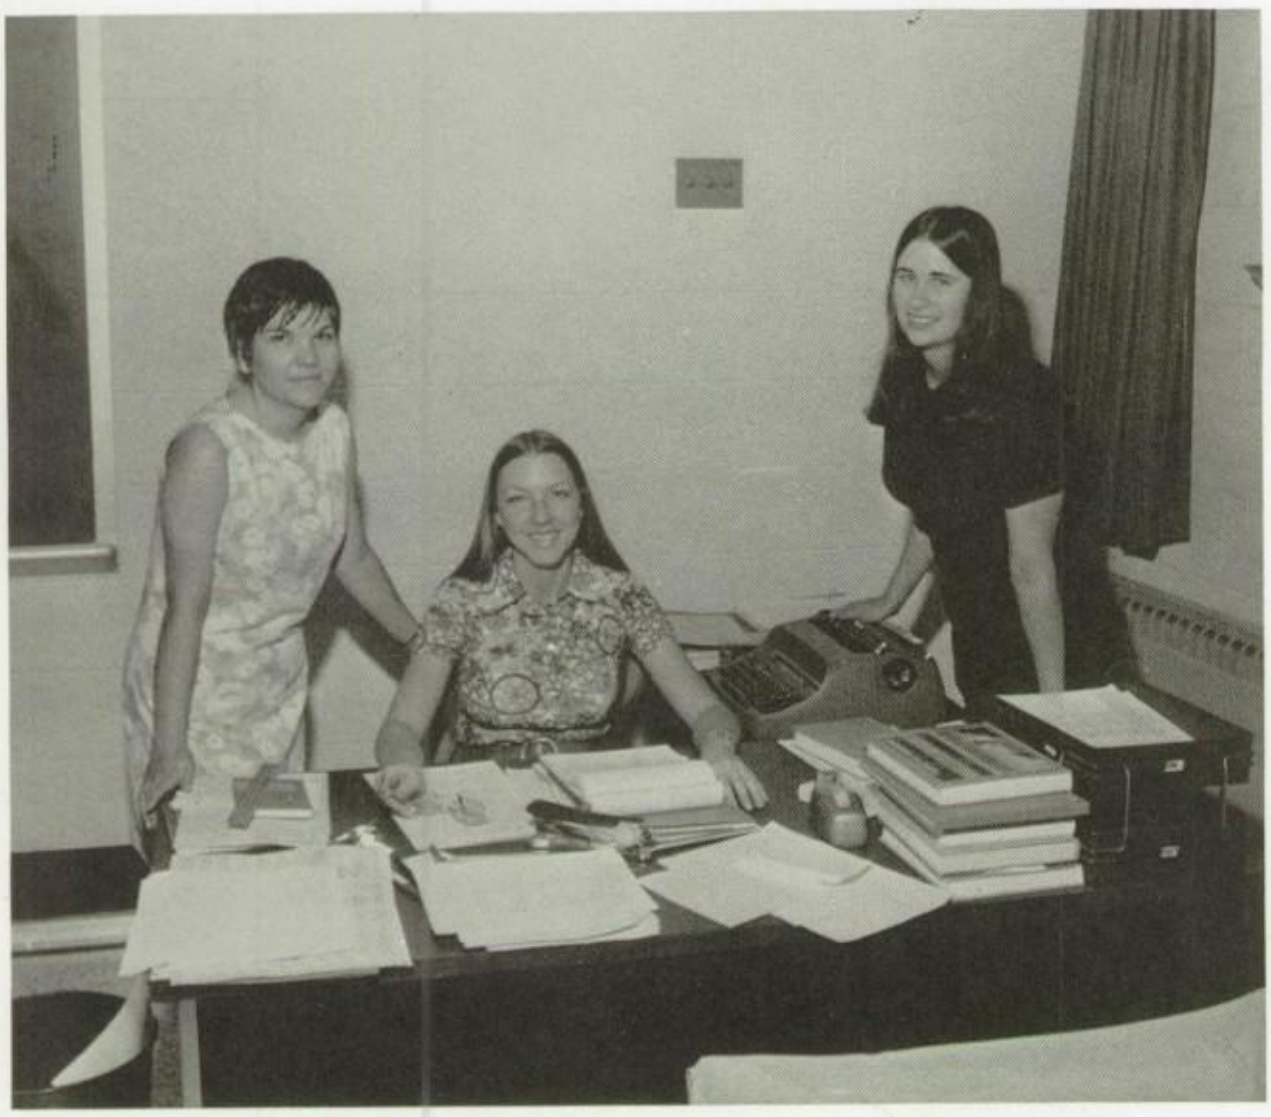
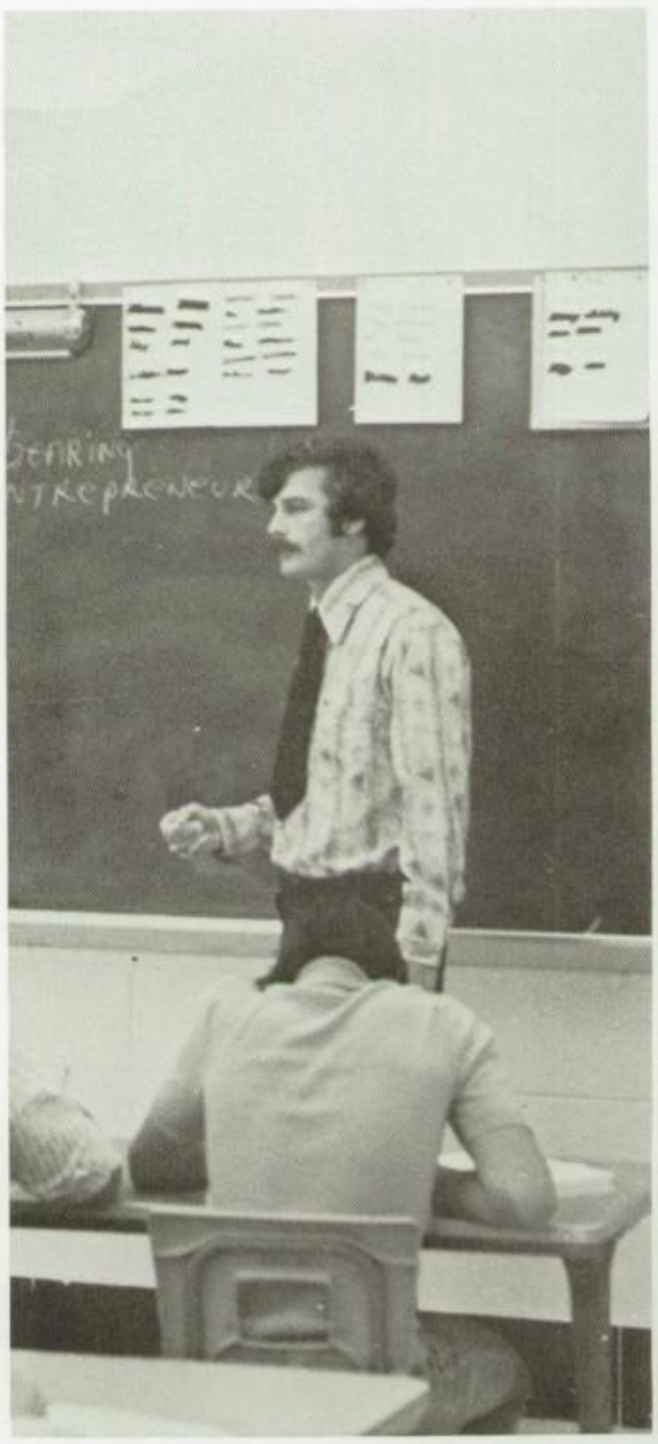
Students Prepare For Business Careers





The business department headed by Mrs. Martha Jennings, prepares students for business careers. Courses such as Typing, Clerk Typing, General Business, Record Keeping, and Shorthand were offered. Mrs. Martin taught typing for the first time at Glenvar. The block program was used as a part of the Clerk Typing program. These students have on-the-job training by using their skills in the administrative offices at Glenvar.

D.E., Distributive Education, has gained a new teacher, Mr. Michael Andrew Willis. The D.E. students took a field trip to Woodrum Airport for a plane ride. The teachers found jobs for the students that participated in the program. All together, the business department was strengthened by new teachers and students in the program.

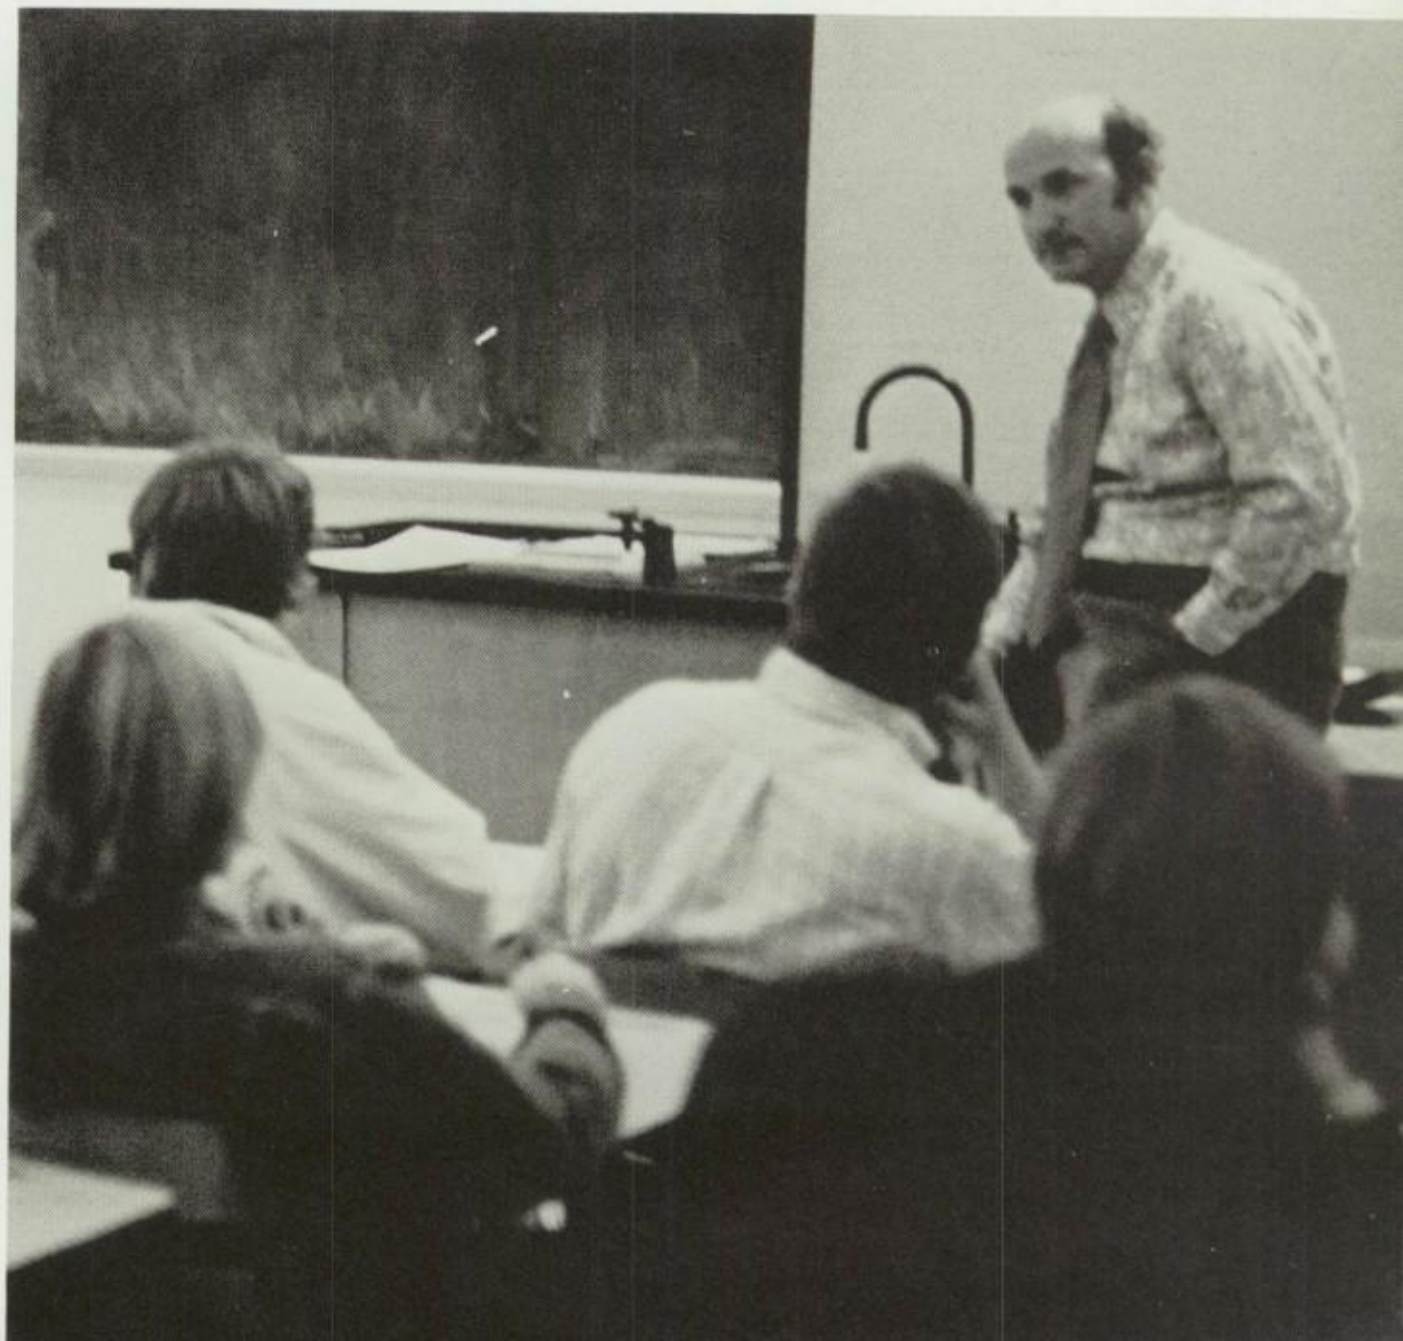
Mr. Kucer's ninth grade sports were mainly team sports. During football season, football was played. Volleyball filled in the time between seasons and then basketball started. Health classes were on family living and drugs. Baseball was taken up when the weather was nice again.

Mr. Pitts' tenth grade classes specialized in individual sports. Football, as usual, began the year. During the winter the classes enjoyed biking, camping, hiking, and wrestling. Health classes were on family living. The summer began with sports like archery, golf, and tennis. Sophomore boys did their last 600 yard run.

Advanced Gym Class Is A First At Glenvar



The girls Physical Education classes enjoyed a variety of sports this year. The Freshman girls started off the year with tennis. When the weather got colder, the classes moved inside to work on gymnastics. Health classes concentrated on "family living." When Spring arrived, the girls returned to the outdoors for soccer and softball.

The tenth graders, under the watchful eye of Mrs. Brock, beat each others' ankles black and blue in field hockey. Modern dance and body mechanics were taught in an effort to familiarize the Sophomores with physical fitness. A fencing demonstration was also held by students from V.P.I. Health class was family living. Spring sports included golf and archery. The sophomores then gladly did their last 600 yard run as they concluded the year with the ever-favorite physical fitness tests.

Social Studies Department Gains New Teachers

The Social Studies classes provides the students with a basis for understanding the problems and achievements of man in our world. Through class discussions, current events, research, debate, and guest speakers, variety was added to the classroom, igniting interest and participation. The elective courses, Economics, Comparitive Government, Sociology, Psychology, and Minority Groups made the students aware of the many changes in todays world.

Physics offered to Sophomores

This year, classes explored the "field of wonder" in Science. The department was proud, once again, to have Miss Watkins as department head and two new teachers added to the staff. Miss Hendersen came to Glenvar from Atlanta, Georgia to teach Chemistry and IPS with the help of Mr. Finnerty. Mr. Jones, along with Mr. Hall taught students the biology course. This year physics was offered to sophomores which enabled them to develope their interests in Science related subjects. With the cooperation of the students, the department's main purpose was to prepare them for their future careers in the field of Science.

Math 9 Students Plan Field Trip to Bank

The Roanoke County School System employed some of its teachers this summer to work on an Individualized Instructional Program at all levels, kindergarten through the twelfth grade. The mathematics teachers wrote Individualized learning packets for Math 8, Math 5, Geometry and Algebra II. Although work is continuing on this project, Glenvar Math teachers used some of the material from this program in their classes.

Many of the Math classes planned field trips to local banks and industries. The classes also had speakers discussing the use of mathematics in various occupations. The Media Center was used by Math students needing cassette tapes and film loops.

Students Find New English Curriculum More Interesting

The English Department, headed by Mrs. Nichols, introduced a new and exciting curriculum change this year. For the first time, students had some choice in selecting the type of English class in which they were most interested. This 3-2 plan placed students in regular English classes (9-12) on Monday, Wednesday, and Friday, allowing students in grades eleven and twelve to choose academic or general classes. In addition to the English classes, they were allowed to choose from thirteen electives taught on Tuesday and Thursday. Student choices ranged from media classes to the novel to Business English.

This unique English curriculum proved to be very challenging and interesting to both students and teachers. It set a new atmosphere for both the academic and business students at Glenvar.

Grappelettes Get New Experience In Riding Bus

"We love you N.C.A., deep down in our hearts." That's how the year started at Randolph-Macon in Lynchburg, a camp from which the Grappelettes returned with a blue ribbon indicating superior rating in cheering. The Grappelettes also received the N.C.A. spirit stick that no one but a cheerleader could appreciate. They will always remember Jan, the pizzas, and especially AJAX in the shower room. As the months went by, the squad became closer. December brought the beginning of the wrestling season and whether the outcome of the match was victorious or not, they shared the deep feelings of the team. Bus trips from the matches were experiences in themselves. The Grappelettes expressed their spirit for the team by decorating the wrestler's lockers, making signs, and cheering them at all the matches. The Grappelettes went to the District, Regional and State Tournaments to cheer the team on this year. Regionals will always be remembered as five of them stayed overnight in one hotel room.

THE CREDIT BELONGS TO THE MAN WHO IS ACTUALLY IN THE ARENA, WHOSE FACE IS MARRED BY DUST, SWEAT AND BLOOD; WHO KNOWS THE ENTHUSIASMS, THE GREAT DEVOTIONS AND SPENDS HIMSELF IN A WORTHY CAUSE. WHO AT BEST, IF HE WINS, KNOWS THE THRILL OF HIGH ACHIEVEMENT, AND IF HE FAILS, AT LEAST FAILS WHILE DARING GREATLY SO THAT HIS PLACE SHALL NEVER BE WITH THOSE COLD AND TIMID SOULS WHO KNOW NEITHER VICTORY NOR DEFEAT.

john f. kennedy

Disappointment came early at Glenvar, but didn't hang around long. While the loss to Byrd (who went on to post-season play for the State Championship) was certainly not the highlight of the season, it provided the incentive to push the team on to an 8 game winning streak, setting a school record.

Highlights of the year were innumerable — Lord Botetourt became the victims of a 59-12 annihilation by the "Mean Green Machine", an outstanding 9-1 season, and Mike Wilbourne racking up 1,057 yards (and 3 inches) on the gridiron. Although the offense was putting the points on the scoreboard, the defense "wasn't no slouch." While Minnesota was gouging NFL offenses with the Purple People Eaters, the GHS defense was ripping through its schedule, allowing only 10.2 points per game.

The season was a success in every sense of the word. Coach Kucer and his players found themselves looking forward to every encounter with improved playing each week. The fans found themselves rooting for a winner, and the Valley found itself a new football power. Even the Andrew Lewis football dynasty recognized talent when they saw it, for they asked to compete in our league. We couldn't be more pleased.

Coach Martin and Roth led the J.V. team to a 3-2 winning record this season. The opening game was a typical 6-0 win for G.H.S. Northside was the first loss for the fighting J.V. team, but they came back with a 30-0 win over Covington. The team rolled on to a easy win, 22-0, against Liberty, but lost their final game to Andrew Lewis with a 6-0 loss.

The offense averaged 12 points per game while defense gave less than 3 points a game. Defensive leaders were Daniel Jones and Mike Nichals. Offense leaders were Danny Hall and Jeff Sowder. The Junior Varsity team will be a great help to our 74-75 Varsity team.

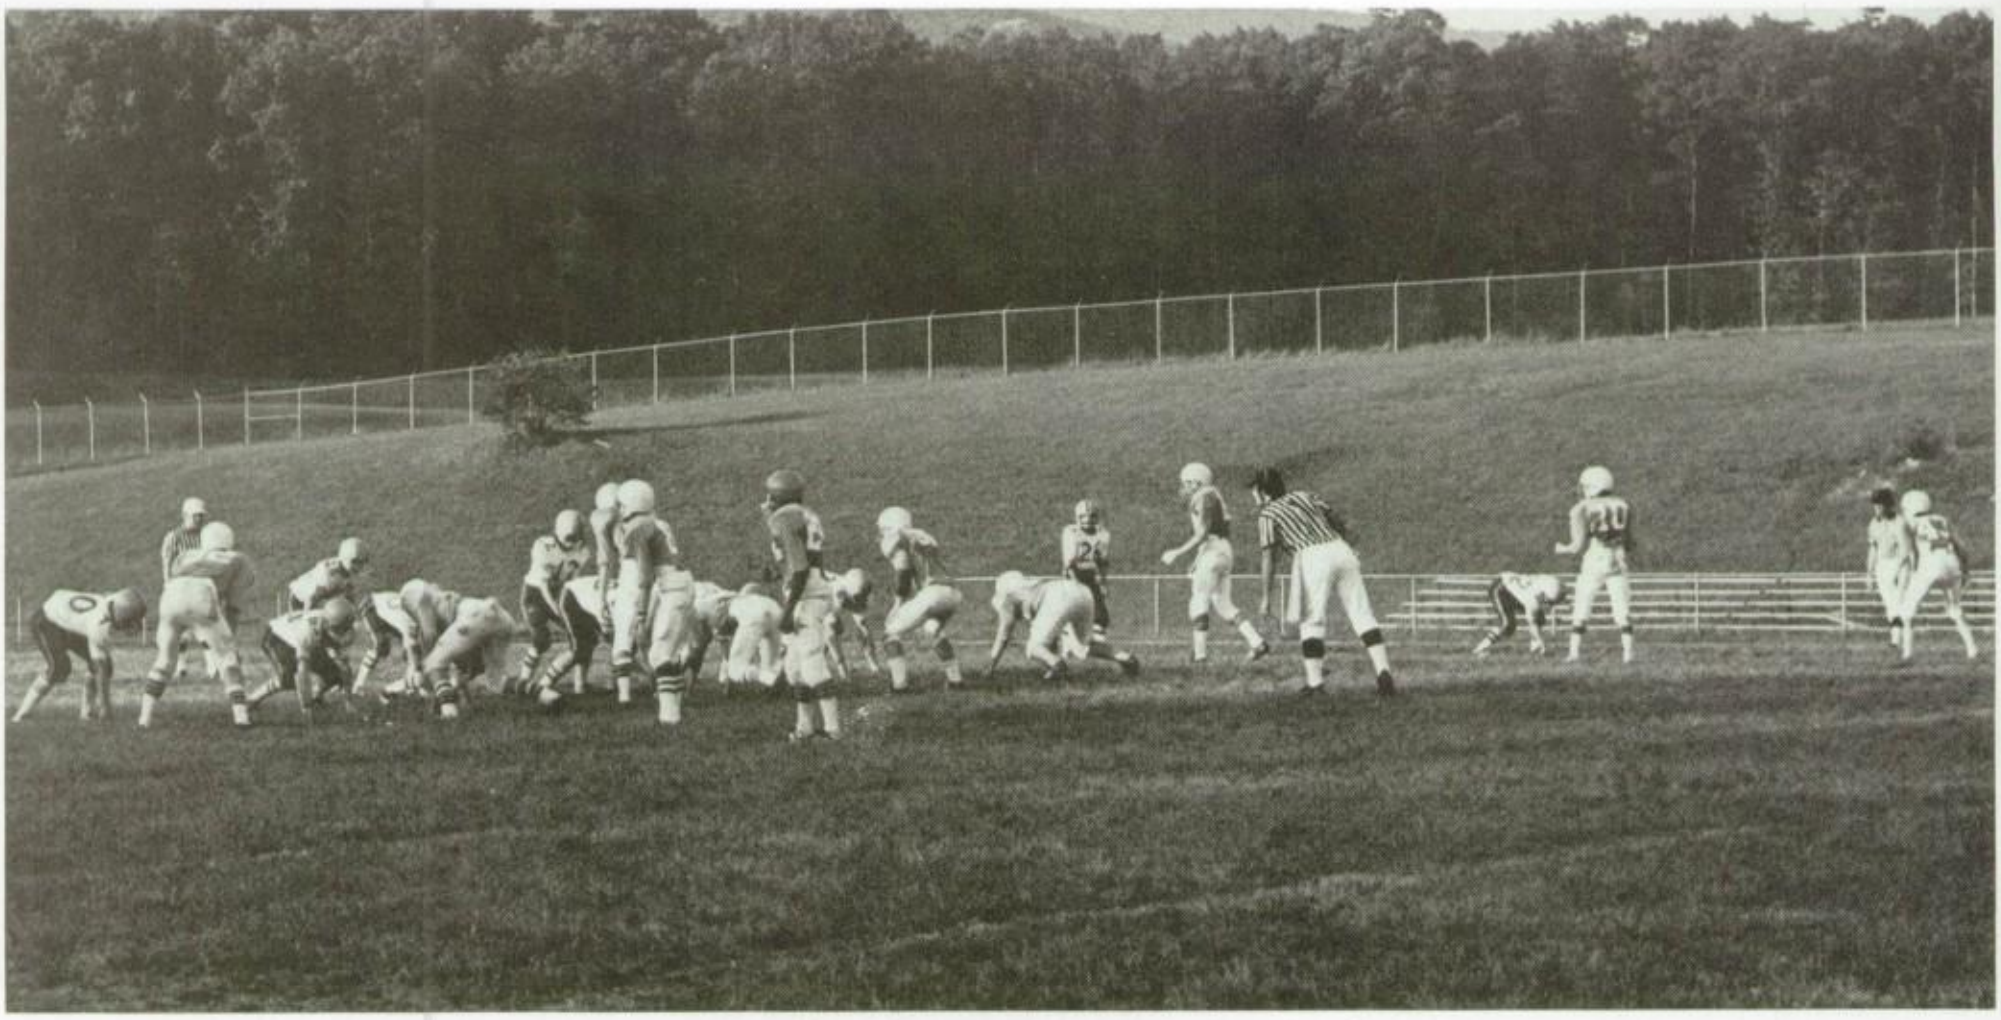
Hey, Hey, J.V., The Junior Varsity



Tough Schedule Challenges Frosh Team

Faced with a tough schedule the Freshman football team showed great enthusiasm. Many players revealed outstanding individual talent although they were young. Coach Buddy Ward worked diligently with captain Keith Whitt and other players on improving teamwork. From the ability shown, the rising Freshmen will prove to be a great asset to the Junior Varsity team next year.

The Varsity basketball team, under the leadership of head coach Joe Davis, had a rough season. The results of the season's work was a 7-17 record, but the record doesn't tell the whole story. The largest margin of a loss in regular season district play was seven points.

The first eleven games were lost. The first of the team's bad luck came when they went into overtime with Blue Ridge regular season champion Lord Botetourt and lost 50-54. Just two games later, an overtime with Alleghany was lost. The real disappointment came with Clifton Forge. After three overtimes, the Highlanders lost 58-65. After the first half of the season, the points they had been beaten by began to be less numerous. The margins were being cut down. Happiness came one Saturday when Glenvar defeated Covington 52-44. The next win was over Alleghany 65-62. The next game brought yet another victory over Covington 58-52. The last game of the season was played against Botetourt. Although it was a loss for Glenvar, they were fired up for the district tournament.

All the bad luck of regular season seemed to change to good luck in the Blue Ridge Tournament. The first night brought a victory over archrivals William Byrd 50-44. The next game was a long waited for victory over Clifton Forge 64-39. The tournament was theirs the last night with their third straight victory. Alleghany was defeated 70-55.

The Highlanders progressed on to the Region 3 tournament. Altavista was conquered 33-30 the first night. The Glenvar team had made it to the Regional finals. Tunstall was held to a narrow win over the Highlanders 43-58. Although Tunstall had defeated tournament favorite Nelson County the previous night, Glenvar kept fighting to make the game a close one. Coaches Trumbower, Ward, Layman, and Davis deserve a big congratulations on a fine team.

Under second-year coach, Dave Trumbower, the Junior Varsity team gained much experience that will be needed in the coming years. Of course on all teams there is usually one or two outstanding players. That was not the case this year as the J.V.'s played together as a team. More time was spent on basic techniques, so that, with experience the players will develop into fine varsity members.

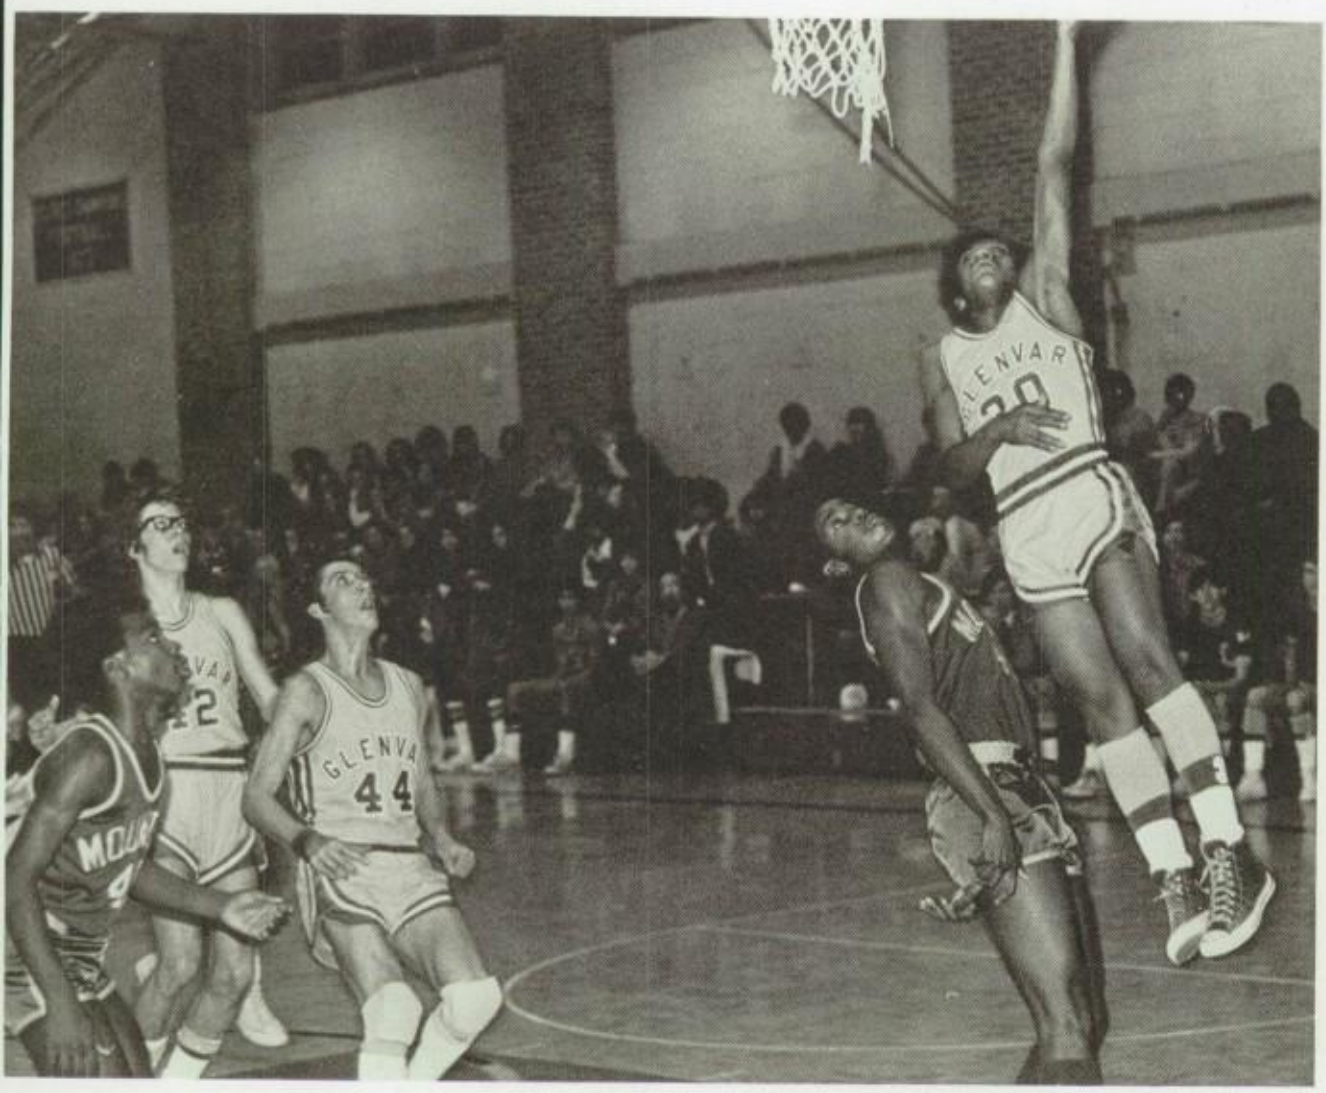
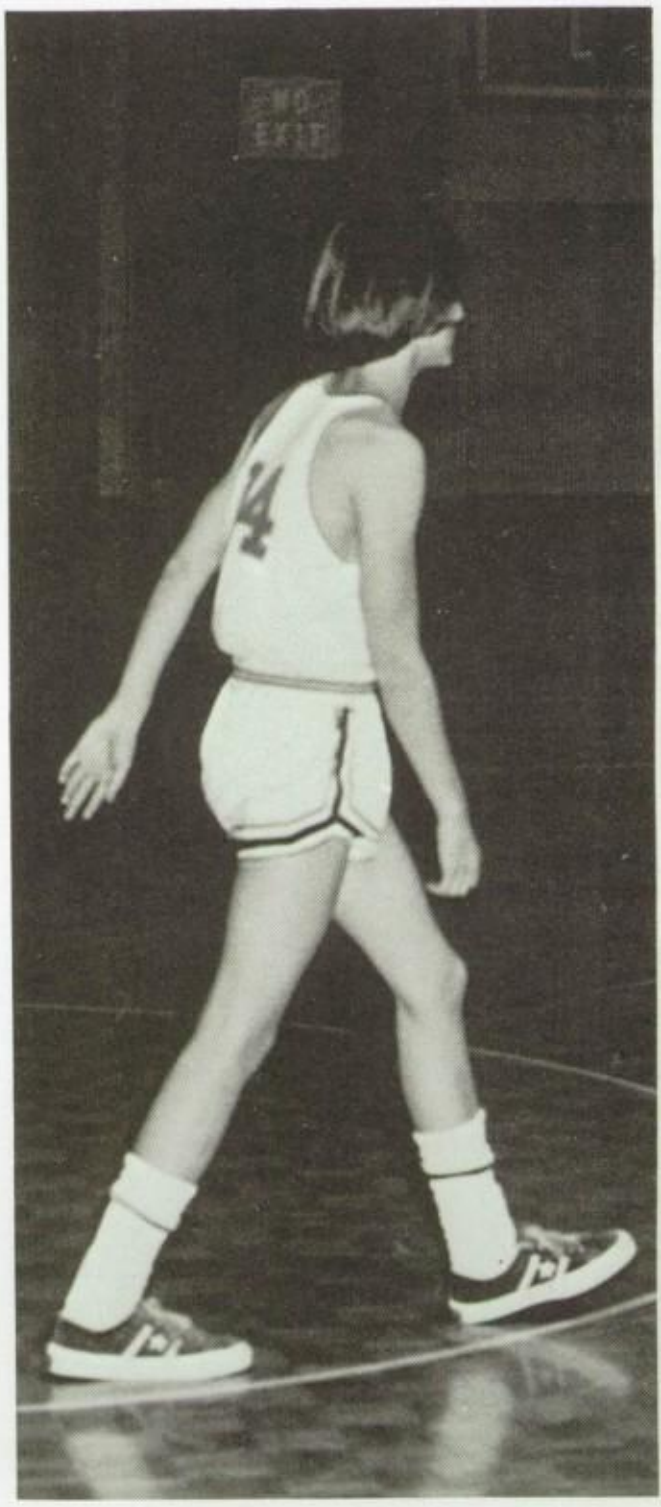
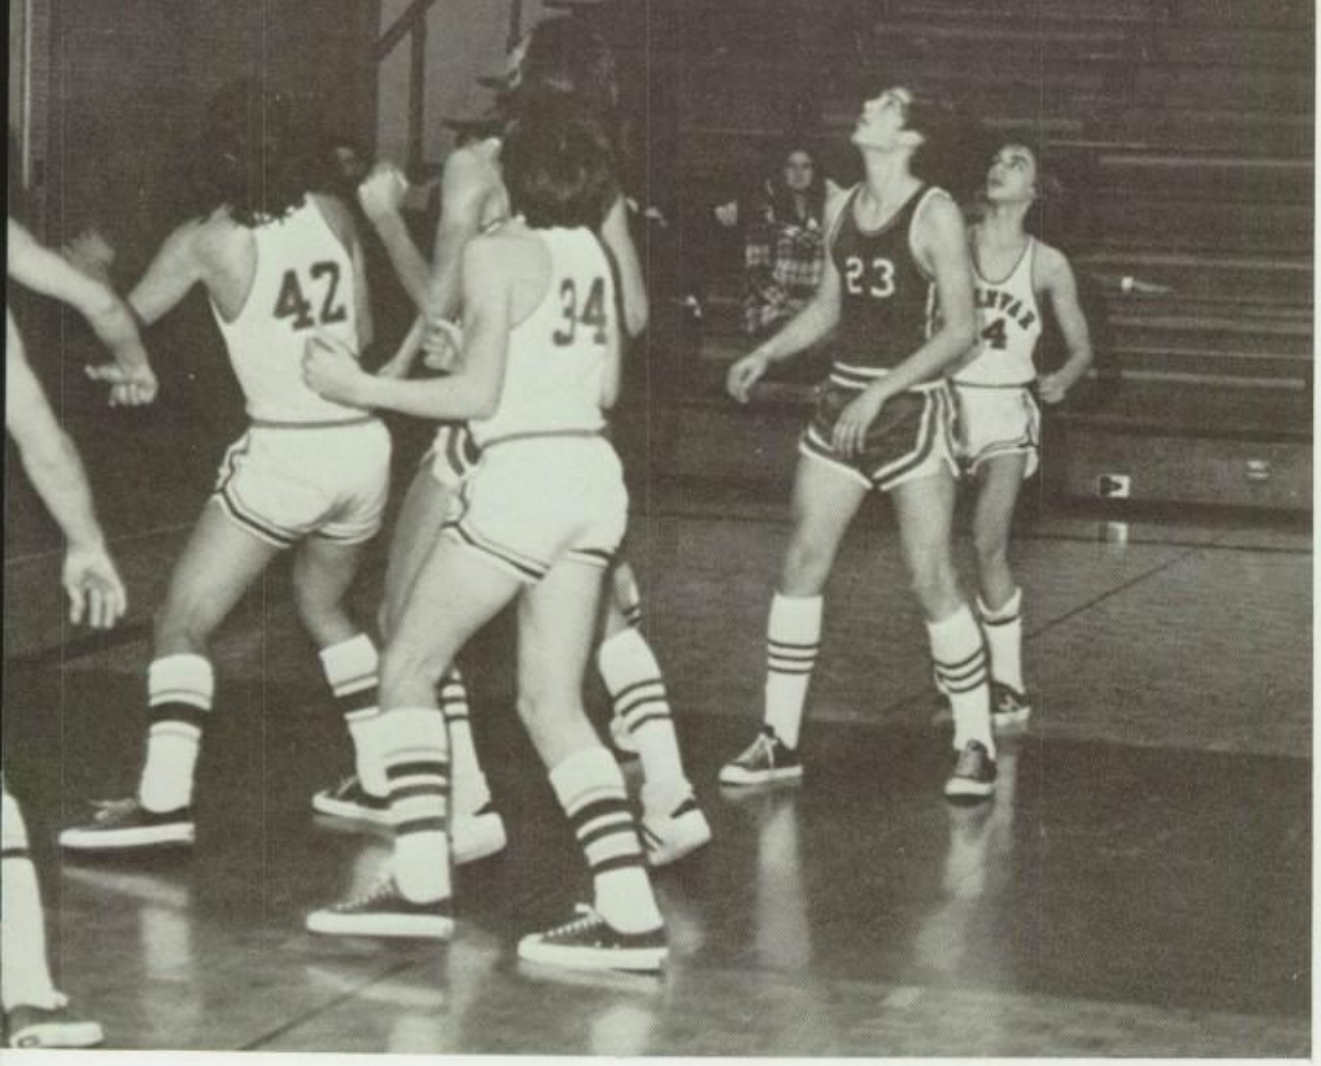
Junior Varsity Gains Experience



Frosh Team Has Slow Start

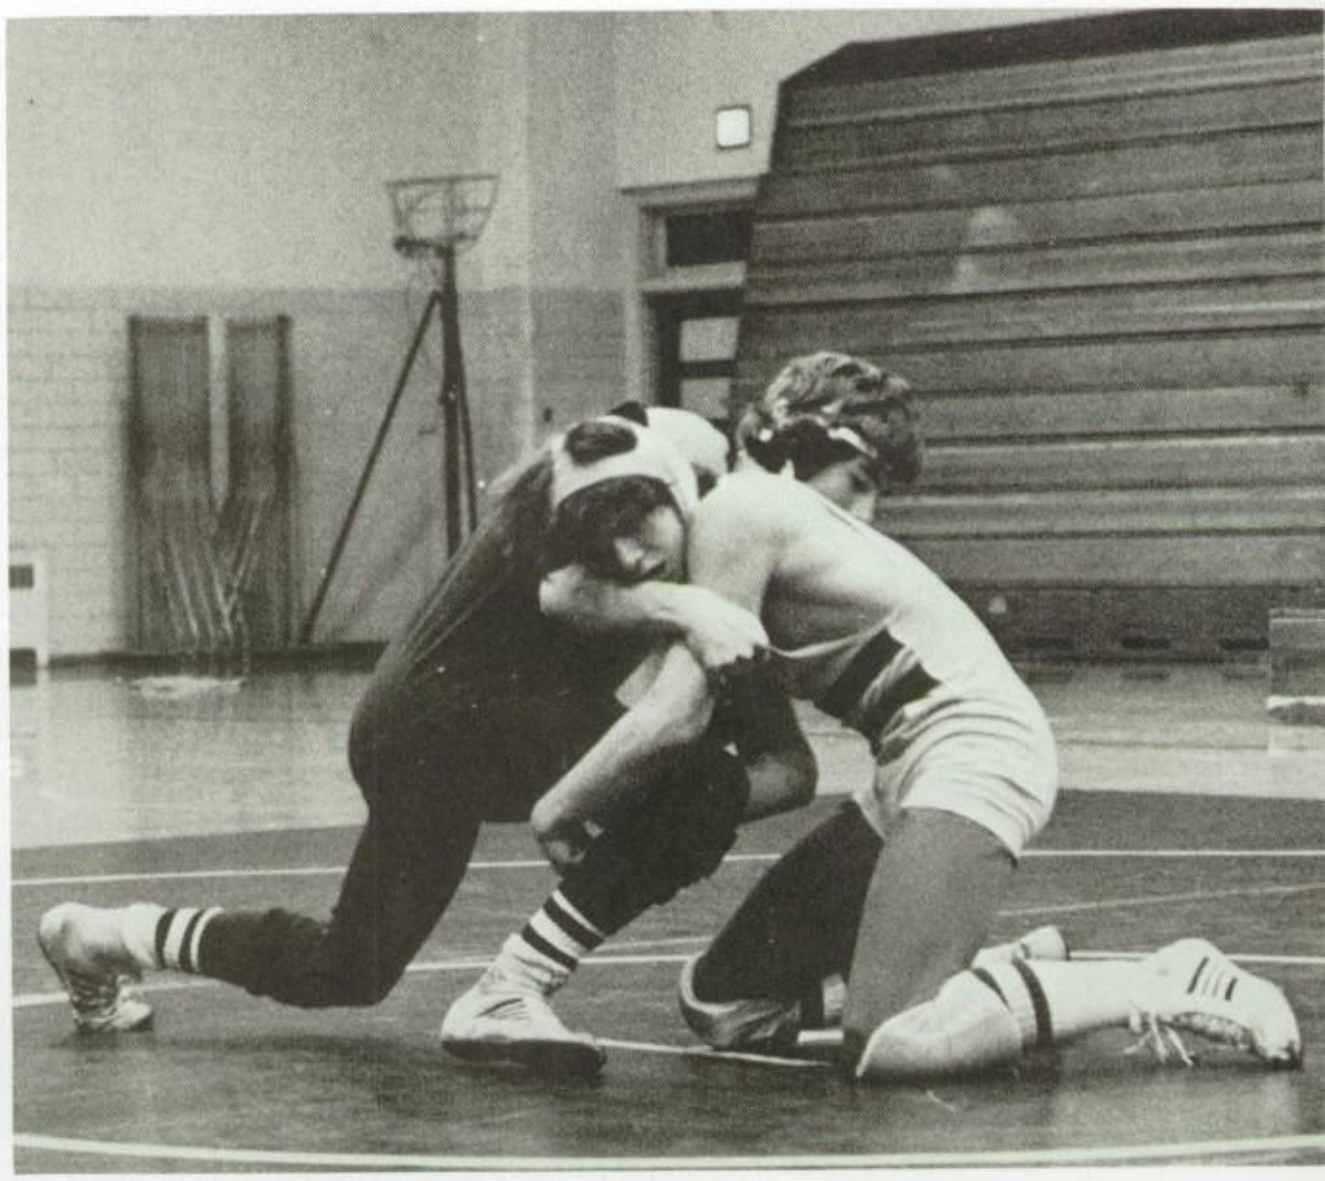


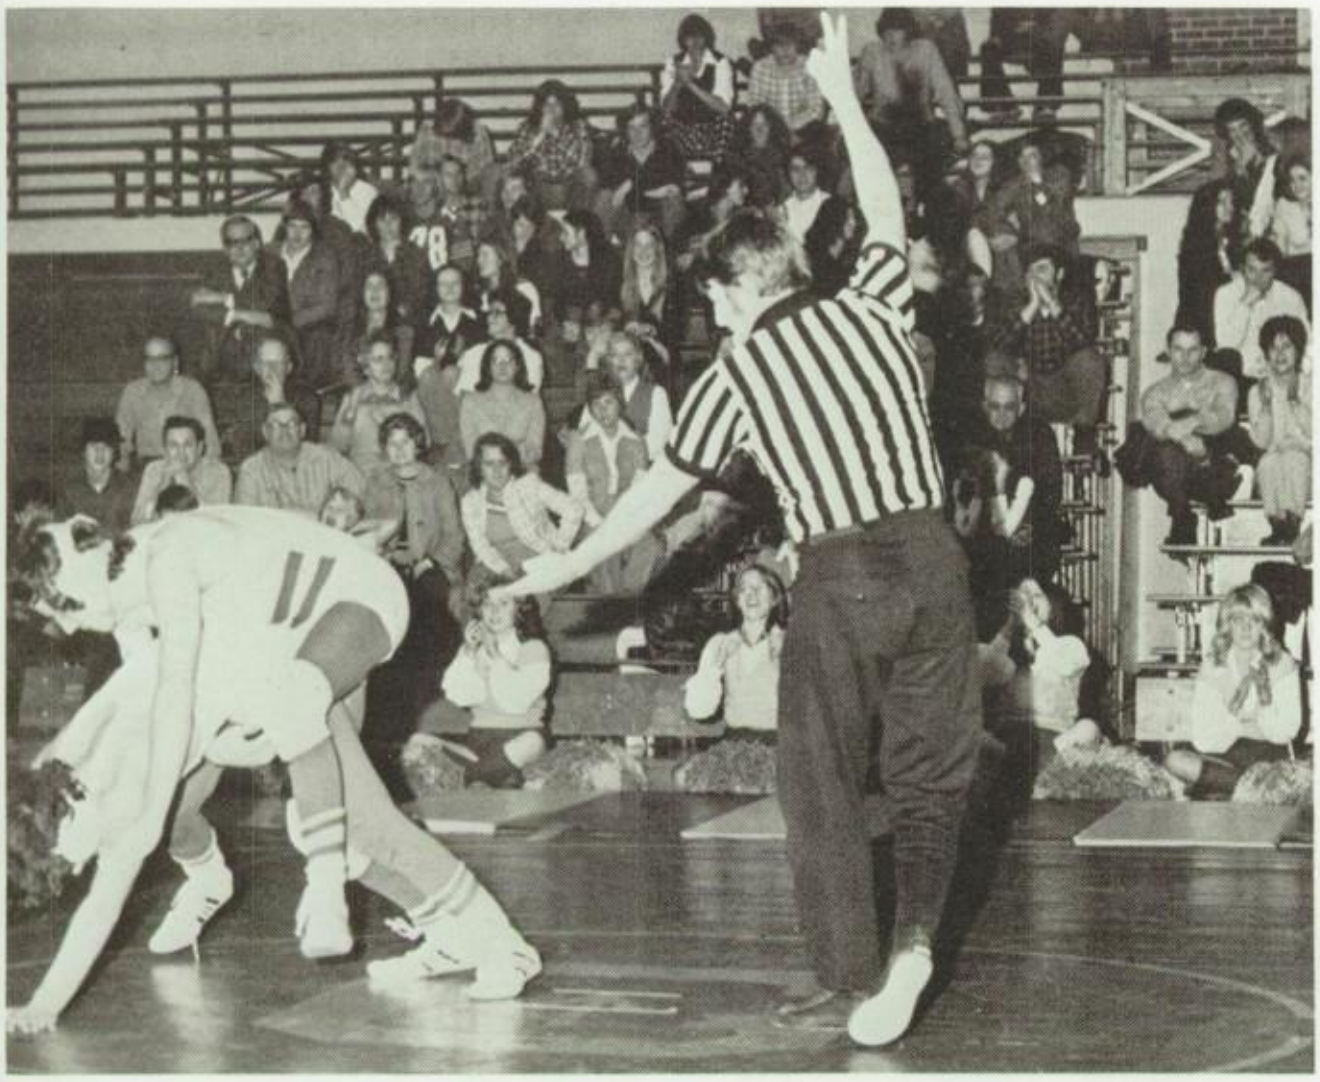
Under the leadership of Coach Buddy Ward, the Freshman basketball team had a fine 7-9 season, winning 6 out of their last 8 games. Although the team was not big in size, excellent shooters kept opposing defenses honest. Perry Skelton and Jerry Parr led the scoring attack with respective 11.6 and 10.3 scoring averages. Top defensive man for the Freshmen was Rick Atkins, while CoCaptain Billy Jones provided offensive leadership on the court. Coach Ward was very appreciative of the valuable help he received from Dennis layman as Assistant Coach. Coach Ward felt the Freshman team "did everything I asked and more."



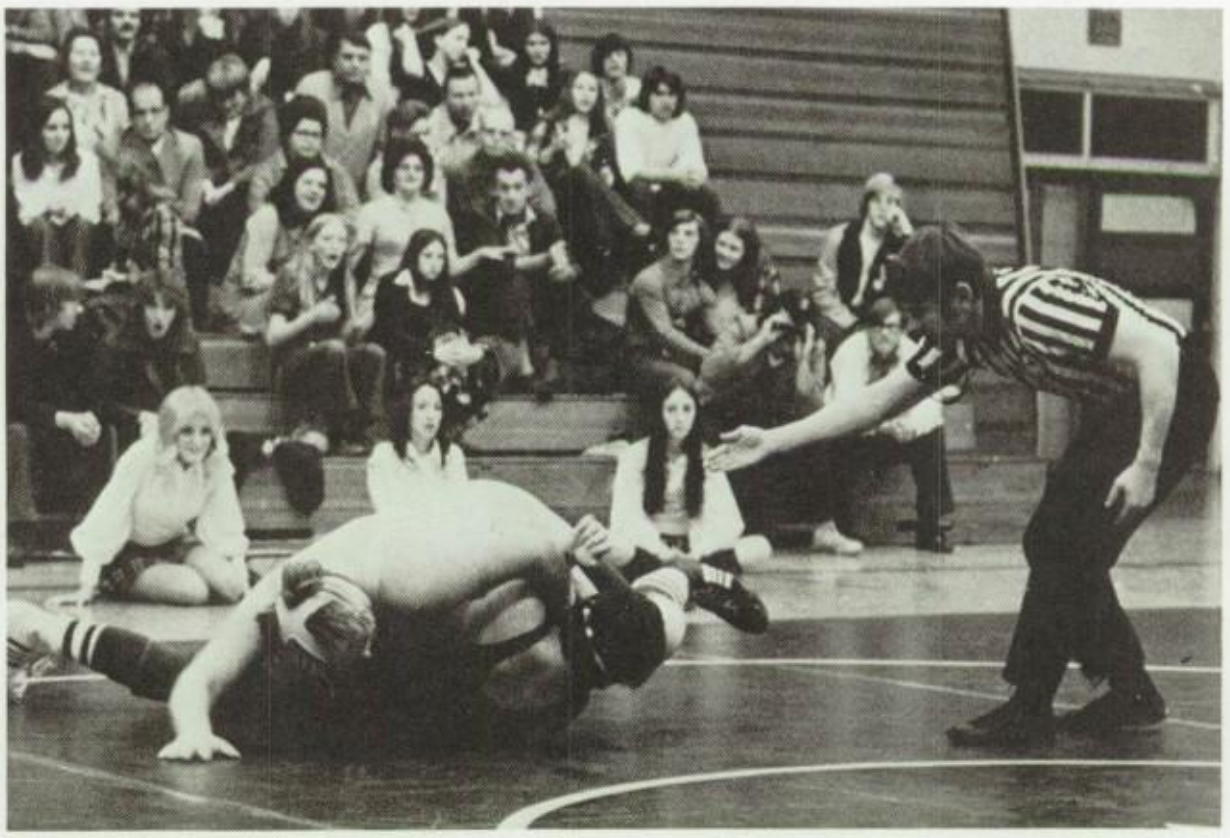
Top Left: Rick Atkins looks for a teammate to set up backdoor play. Bottom Left: First Row — Gary Crockett, Billy Jones, Second Row — Terry Aldridge, Glenn Eades, Rick Atkins, Wes Anderson, Mike Mullins, Perry Skelton. Right Center: Coaches Ward and Layman discuss the diamond defense the Freshmen will run second half. Top Right: Jerry Parr drives for a lay-up.

Respected Myers Returns





The 1973-74 Wrestling season did not actually begin until December, but the team practiced long before that. All of the wrestlers from last year returned except two, and after a year's absence, the much respected Richard Myers returned. Along with Coach Roth and Coach Myers, the team had a winning season of 7-3. The competition in the Blue Ridge District proved to be tough, and considering this, the team with little experience did a good job. Norman Cruff placed first at the District Tournament and four others placed second. They were Kurt Webber, Junior Bralley, Allen Blomberg, and Mike Dempsey. Glenvar was able to send four wrestlers to the AA State Tournament when they placed third in the Regionals. Next year proves to be promising as most of the grapplers will be returning.



Bottom: David Waddell, Mike Sprouse, Mark Cronk, Sitting — Kurt Webber, Junior Bralley, Steve Battle, Billy Thomas, Kevin Whitt, Mike Dempsey, Gary Harrison. Glenvar's Cross Country Becomes District Champions

Glenvar's Cross Country team ended its season with a record in dual meets five to one. The team proved to have a fantastic year as being District Champions. The Varsity team consisted of eight runners and Mr. Pitts coached the team.

Wendell Fagg served as captain of the team and also was chosen as one of the most valuable runners. David Robertson was the other member chosen as most valuable. Other team members receiving Varsity letters were: James Dunca, Jimmy Gearheart, Kelly Moore, Tracy Rash, Benny Jefcoat, and Donald Mahala.

During each meet the runners worked at breaking new records. David Robertson set a new school record at a course of 2.8 miles with the time of 15:16.3 The team looks forward to more successful years and hopes to hold their position as District Champions.

Girls Achieve Success In Sports

Girls showed their spirit throughout the year by participating in sports at Glenvar. Mrs. Brock, Miss Hoffman, and Mrs. McCarthy were coaches of the teams.

Mrs. McCarthy coached gymnastics. The gymnastics team competed against Byrd for the Blue Ridge District title. Sectional and State meets followed for the girls who qualified.

Mrs. Hoffman was head coach of the girls basketball team, the season proved to be the best yet with a record of 4-8. This was the only year they competed in the Blue Ridge District finals.

Mrs. Brock coached track and field. This year is the first year that girls participated in track at Glenvar.

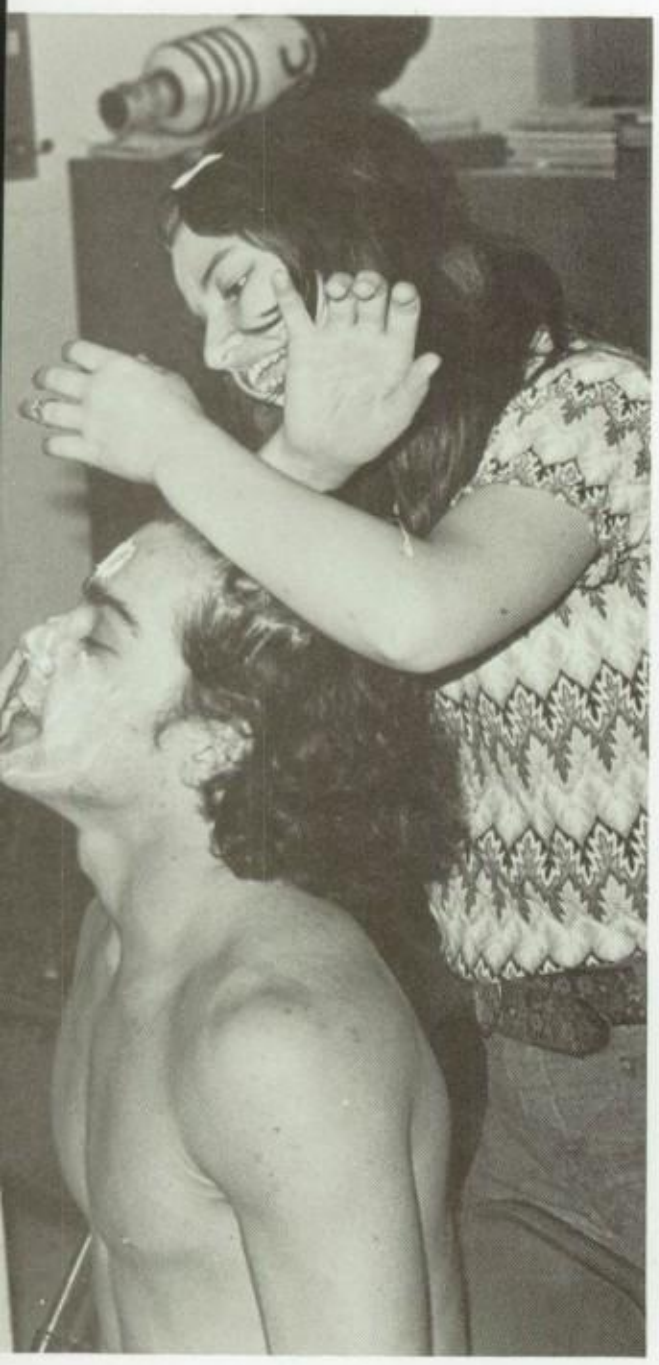
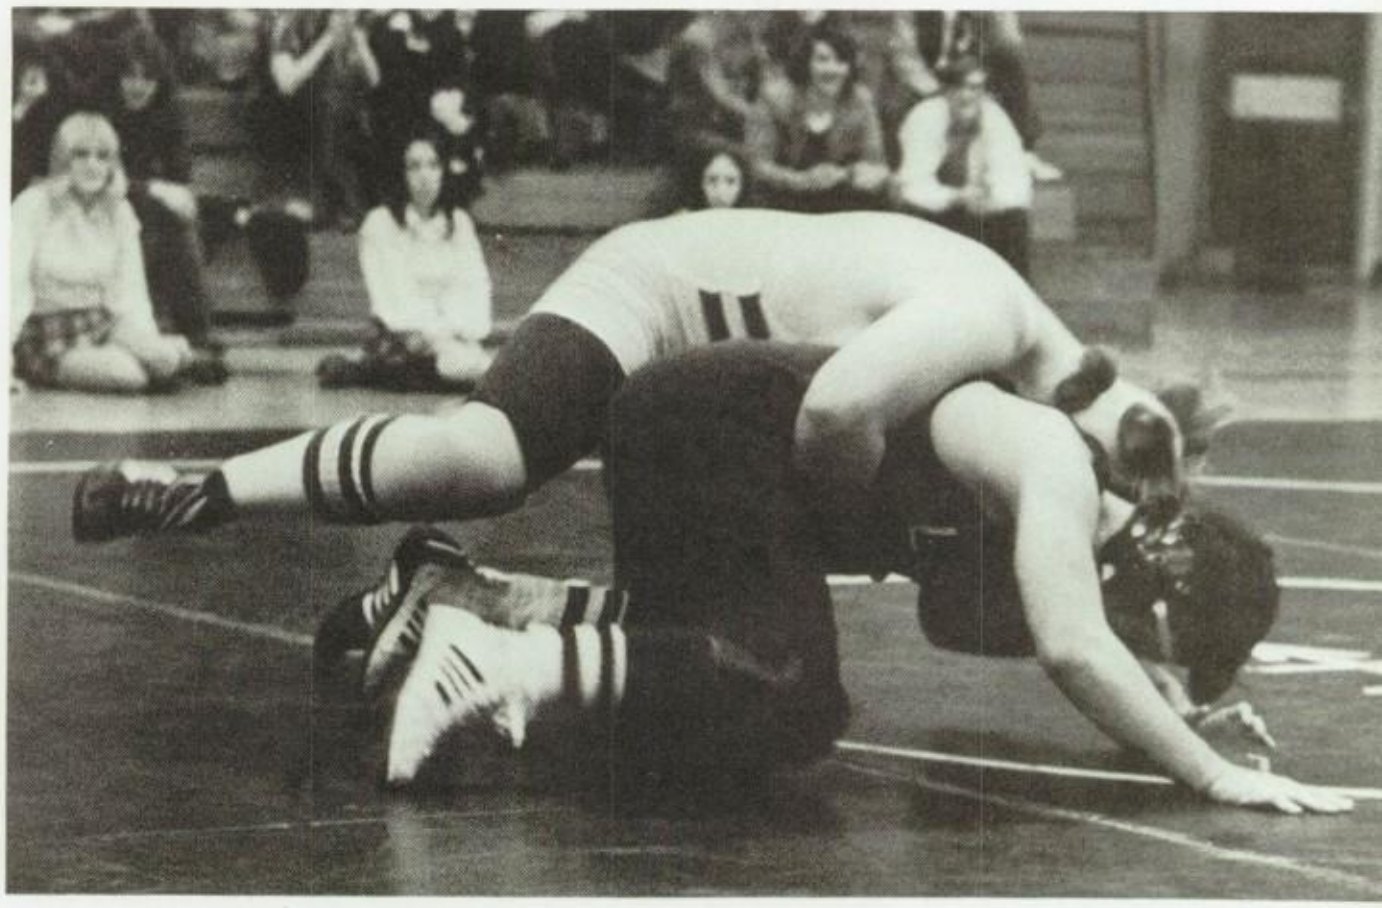
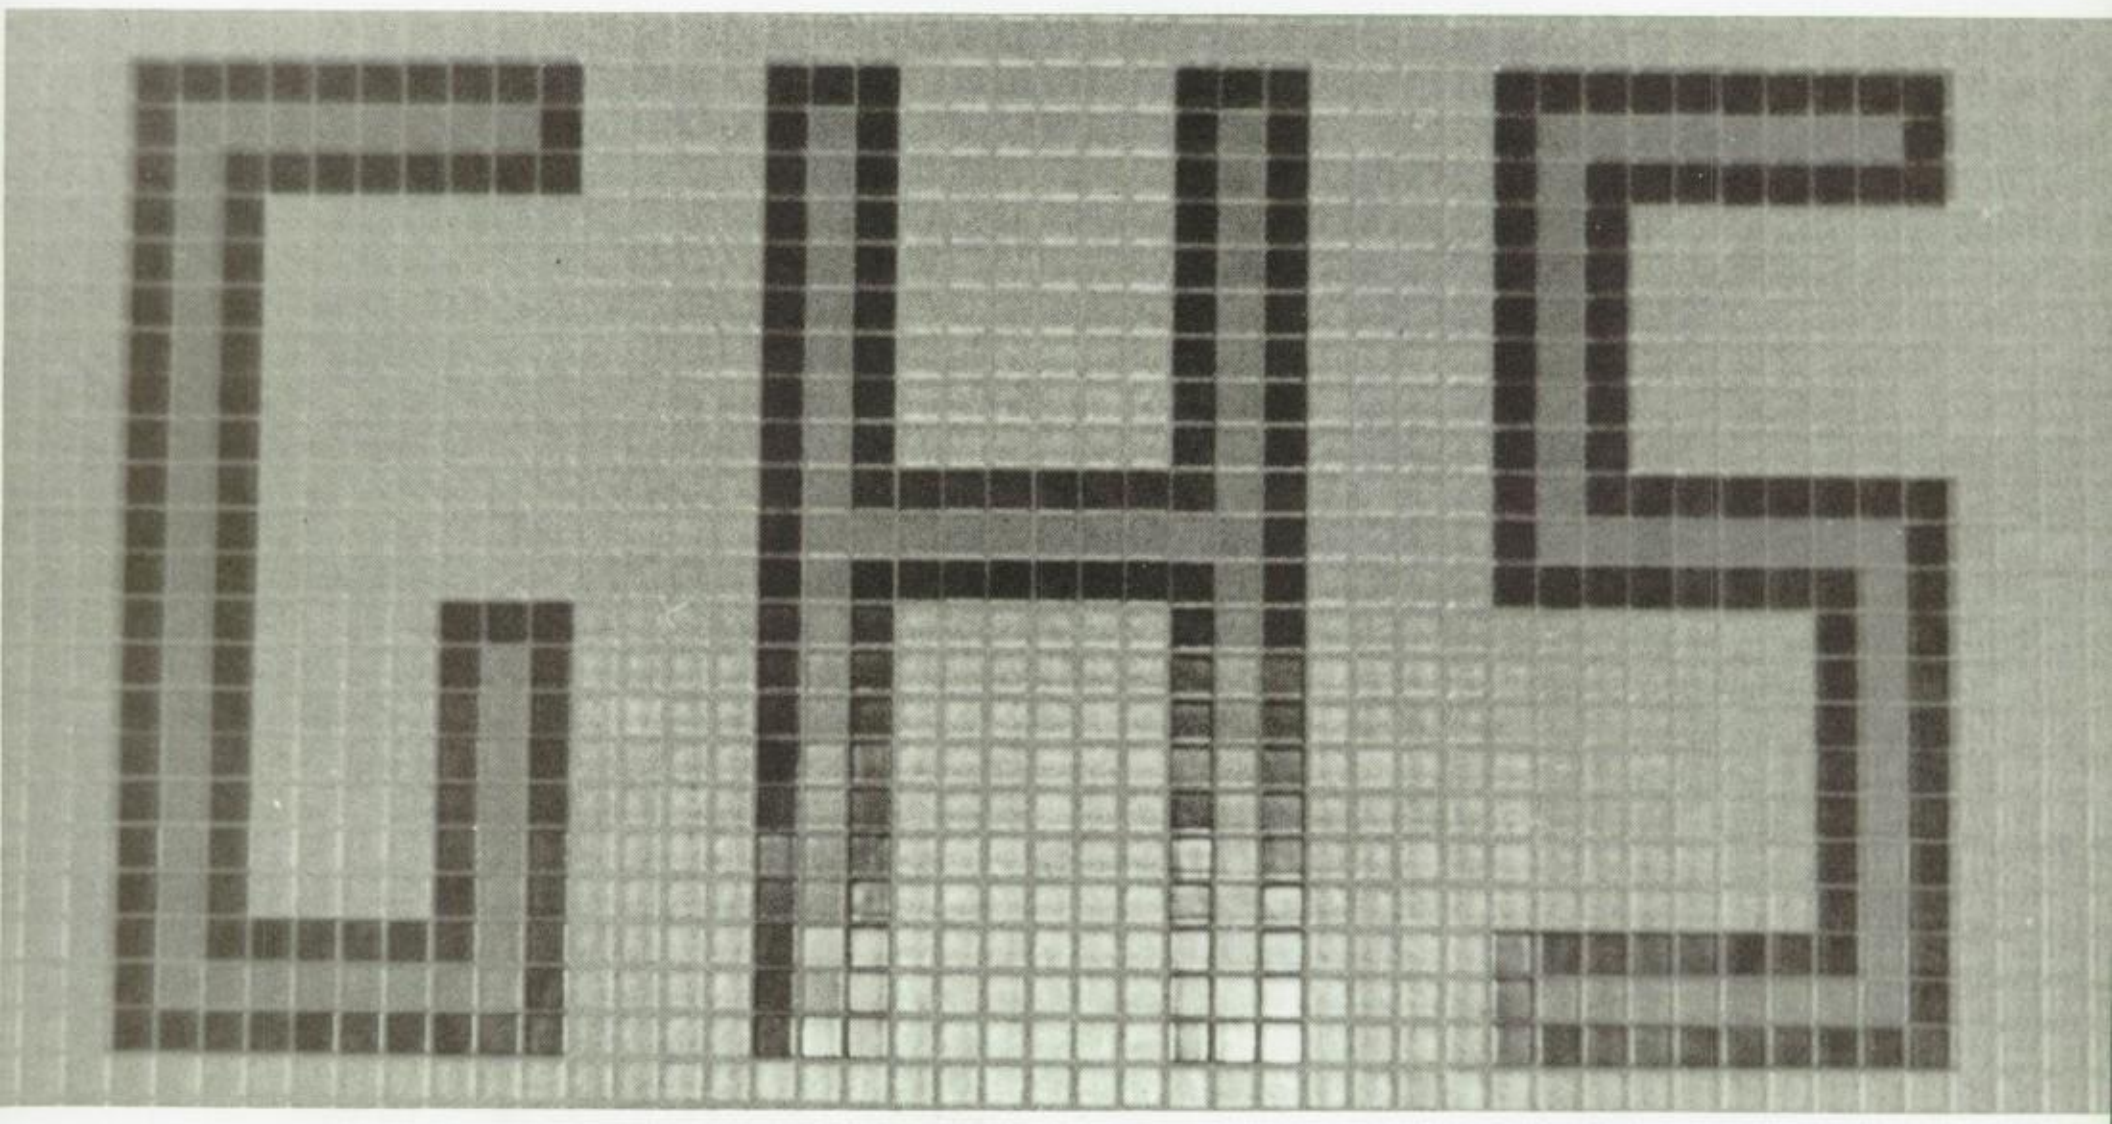
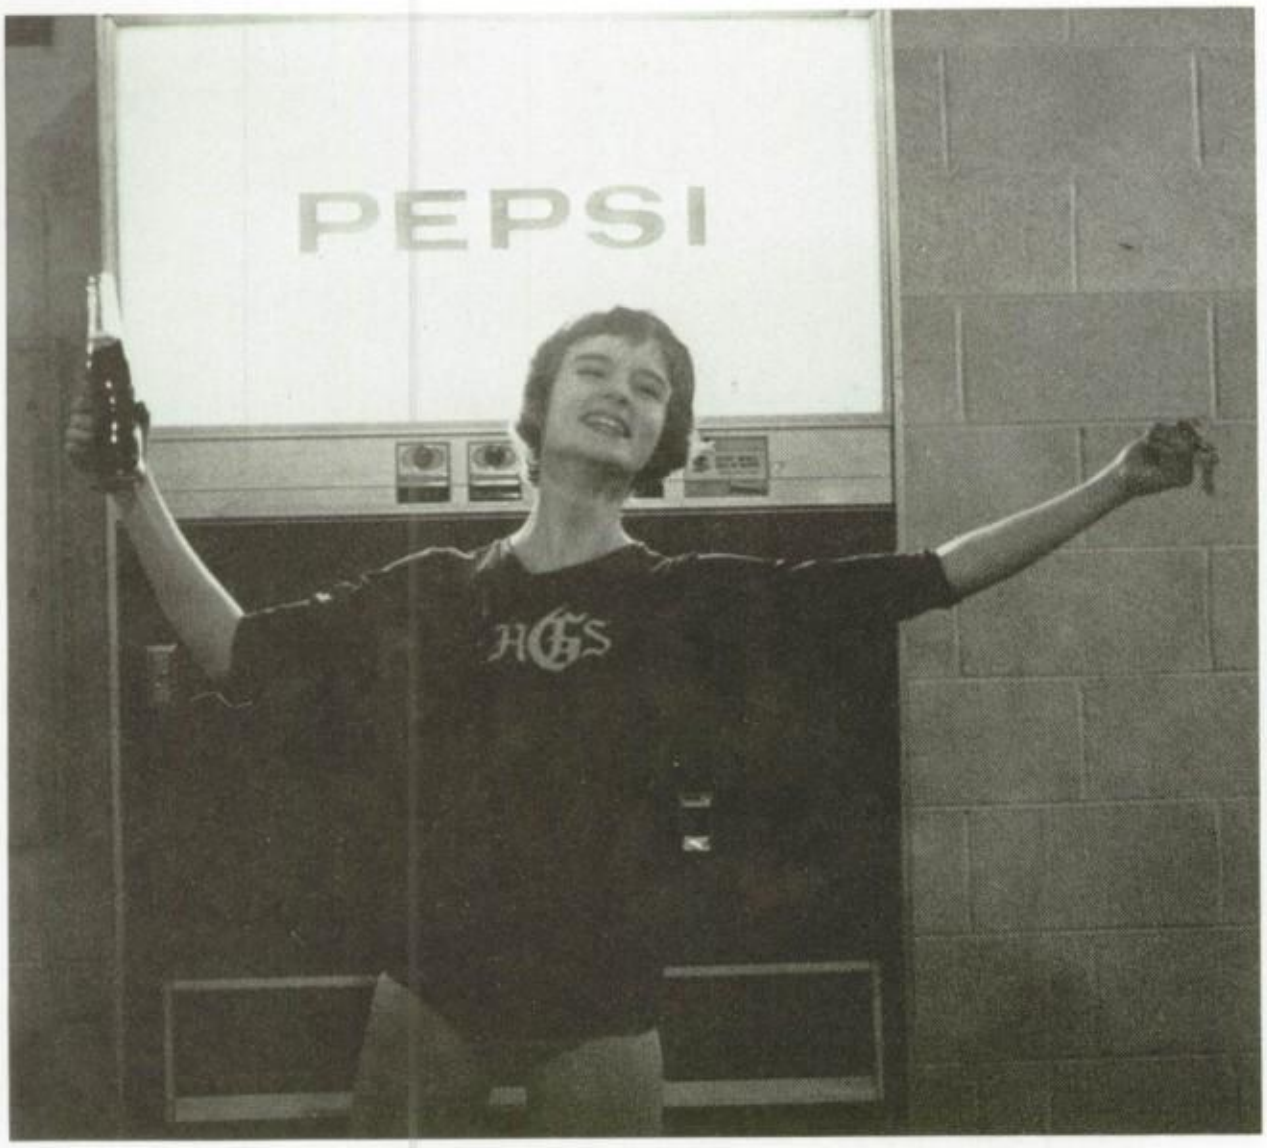
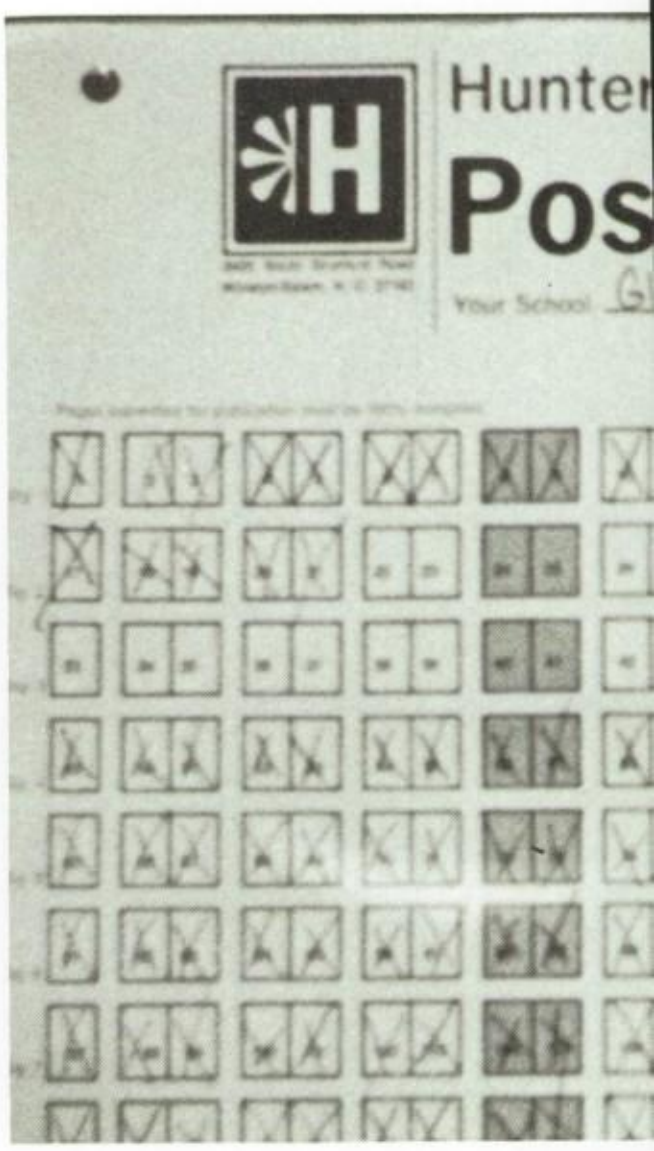
Fields Of Wonder Are
The Places God Goes Walking



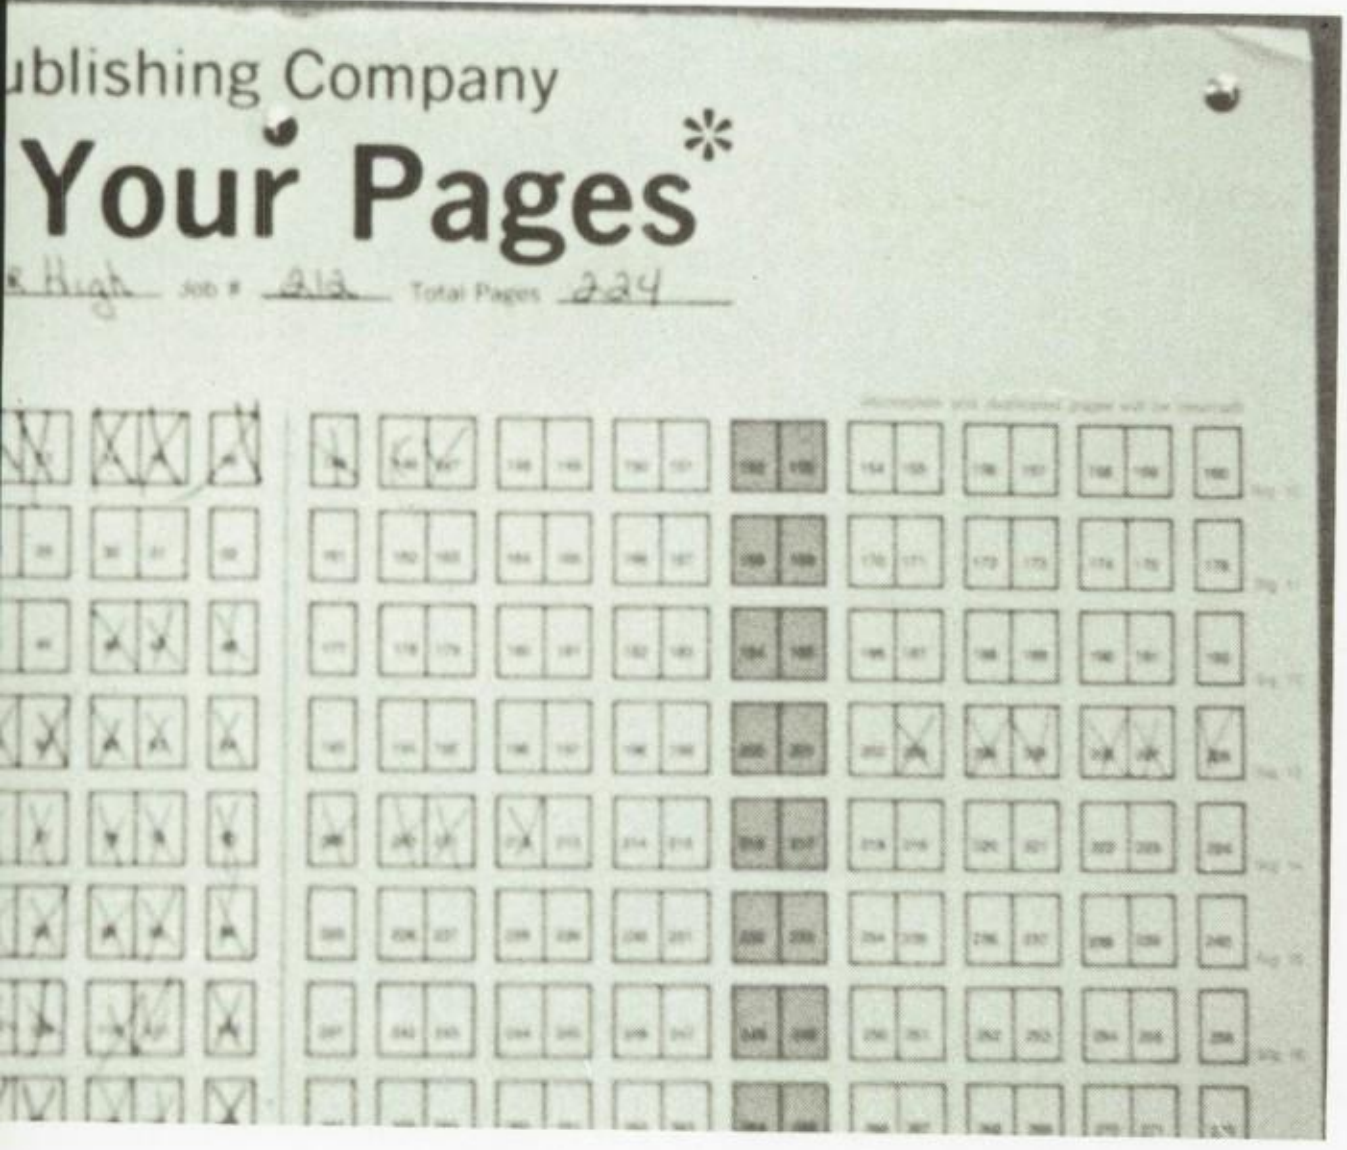








We Found Them By Mistake . . .
And We Have Trespassed



Throughout this yearbook, we have tried to be objective in our copy. We've tried to tell it like it was, tried to keep our prejudices separated from what we present to you as your year. But I am going to allow myself this space to add some personal feelings.

The '74 staff was a staff that encountered many problems. Maybe the image of the staff was one of people running down the hall, endless picture taking, jocks celebrating a party, or never going to class. But I can honestly say that many people on the staff dreaded coming to 7th period 3 out of the 5 days a week. The socializing fun of Annual Staff was lost somewhere in the monotony of constantly fighting to make a deadline, constantly bickering at one another and having someone on your back all the time to get a picture, a layout, or copy. The year was a controversial one.

As for me, the '74 *Crusader* was my first major responsibility. The first time it was up to me to get a job out of someone else. The fact that I was responsible did not make up for the feeling that it was less than I had expected. Being Editor caused headaches, cost me study time, and caused me to have a lack of confidence in others.

But I asked to be placed on the Annual Staff. We all did. The blame lies in no-one but ourselves. However, the final result of all the misery and hassle erases the bitter feelings. Knowing that we, as a group, produced this book more than makes up for the past year. As for me, I could have no greater accomplishment than to know that my name appears as Editor of this book. Perhaps the '74 *Crusader* was a field of wonder — We found it, and maybe we've trespassed. Tracie Bush — Editor.

A class prophecy

Ten years from now, when you pick up this annual, you will have access to at least 15 new electric appliances that don't even exist today!

Electrical innovations will "make the scene" (as we say in 1974) to benefit health, education, industry and our social lives. You'll also see in the next decade more electronic equipment to purify, filter, recycle and generally clean up America.

Electricity is doing a lot of things for you now. It's going to do a lot more tomorrow. Our prediction: Life will keep on getting better — electrically.
